1 - Twin Towers 9/11

They once stood reaching high in the sky,
Then two planes hit them and everyone died,
Now all that's left is a big empty hole,
Along with that many souls,
Gone are our loved ones forever more,
Now they are entering through heaven's door,
They thought they could break us,
They thought we would fall,
But united we stand and we stand proud and tall,
Someday a monument will be put in their place,
To remind us all of their fate,
Many lives were lost but not forgotten,
We think of them now, forever and often,
Goodbye loved ones neighbors and friends,
Goodbye twin towers you were majestic 'till the end,
We shall miss you and our friends
