Shavin was always a good guy, but Shavin's past was almost exactly Kevin's early years. Shavin also had to deal with his father's death at almost the same age as Kevin, but Shavin could always hold back his tears and just move on with his life. Shavin loved to spend time with his brother, Kevin, by going on Adventures with him, playing together, and playing tricks on their older brother, Light. When Shavin was 17, he met his future wife, Sonica. They were a great couple, but over the years, Shavin and Sonica decided to call it quits and just go separate from now on and just be friends. But while they were still a couple, they also met some friends along the way, Sabrina and Maddy, that stuck with them every foot of the way. Then one day, on an ordinary day, the Earth was almost doomed when the Space Colony Ark was falling in the Earth's Atmosphere, but then Shavin, Kevin, and Light decided that since that they have the power to turn into their Super forms, they can help Sonic and Shadow help save the Earth. Their mission was successful, but they had to suffer a loss. Shavin died while saving the Earth and now Kevin and Light will always remember their good brother. Until one day, Dr. Eggman found Shavin's body plummeted to the ground, but he noticed that he still had some life in him. So Dr. Eggman decided to help Shavin restore back his health and rise him to be evil. When Shavin finally came back to consciousness, he had amnesia and couldn't remember anything about his past, so Dr. Eggman gave Shavin a new memory and told him to destroy his friends, his brothers, and anybody who gets in his

way. Now Shavin is working with Dr. Eggman and suffering from Amnesia and will soon discover his past once again.
