1 - Blood and water

If I was smart I would leave.....

But that's so hard to do

When you've got demons on you shoulders

Clawing at you

And the only time I can escape, is in sleep

It's only then, I don't feel the pain

Although it's still happening....

I often think to myself....

Will the nightmare ever end??

Nobody really cares about me

I lay in dark corners

Hoping, searching, wishing

That there is someone at my side...

To help me through this terror

I bleed, though im so used to the feeling

It doesn't really matter, as long as there amused

They like to see me, curl up in fear

They laugh at me whenever I whine

And the next one is twice as hard as the last....

And eventually when it's all over...

And the laughter has faded into the darkness...

I cry myself to sleep

My tears wash the blood further down my face

There still laughing at me...

I can hear them, in my dreams

There always there... and always will be

To make sure my life is a living hell

There's only one thing I want.....

Only one thing I wish for.....

I long to have the life of a child....
