Chapter 1 - Hitohira no Hanabira...

2

1 - Hitohira no Hanabira...

A lone blossom...
Comes and remembers me the days...
Where we used to laugh at nothing...
Where the world could've collapsed...
And we wouldn't even give a damn...

How do I know that those times are long gone...
Times where we fought alike...
Times where I knew how to fight tears back...
Without having to scream...

A lone blossom...
Come and stab me with hurtful memories...
Where I used to say that love is stupid...
Where I was shamelessly shouting stuff in the streets...
And I would just laugh at people's faces...

How do I sometimes wish to win you back...
As days pass, I realize I lost you...
As months pass, I know it's useless to fight...
You gave-up on me anyways...

A lone blossom...
Flies in front of me, as if laughing at time...
Showing me those images of us...
Showing me all that I have lost...
To the hands of my errors...

I know we each have our fight...
Yours might be for a reason to live...
And yours to be understood and understand...
But what is mine, in all of that?

A lone blossom...
Lands gently on my cold skin...
Trying to comfort me in these hard times...
Trying to make me forget that I'm alone...
Just to help me survive...

A lone blossom...
Merges with my empty soul...
Giving me the strength to move on...

Giving me the impression that...
It's not the end of the world...

If I'm useless...
If I'm losing everything
If I'm myself...

A lone blossom...
At last purges me from my crimes...
For hiding myself behind a mask...
For being imperfect...
For being an awful friend...
For having a future...
For thinking what I want to think...

In this ever changing world...
I finally understood...
That I don't have my place...
Anywhere else then into darkness...

So I begg you everyone...
Put me back where you found me...
Into everlasting rain of blames...
Into never the neverending storms of mental wounds...

For this is the only place I deserve to be...
