1 - My Angel

You're like a red-haired angel, Floating through the mist. You've come to save me, When no one else would. My angel, my darling, Please return and finish what you've started. I must be with you, I must be able to feel you. You are my master, My one and only. Please stay with me, And we'll live together. You are my angel, You are my darling, You are my master, And I love.
