## 1 - Picture

As I lay in my bed,I stare at your picture and think.I memorize the lines of your face,And the look in your eyes.I love to love you,But what people say rips my heart out.They all say we should not be together,But no being able to see you would kill me.As I write this to you,All I think about is being in your arms.I need to feel your warmth,And the presence of your lips on mine.I love you so much,And I can't wait to see you again.
