Bu De Bu Ai
song by Will Pan

for kittycatsugar

Note: kittycatsugar, this song is what your story "Chase's Sweetheart" reminded me of. It's in Chinese (I listen to a lot of C-Pop and J-Pop) and I don't really know what it means, but if you log on to Radioblogclub.com and search "Bu De Bu Ai" and listen to it, I'm sure you'll agree with me. Here are the lyrics.

Note: I'm sure I'll find more songs to remind me of the story that nearly gave me two heart attacks! (I'm a huge C/W fan, and I thought I was the only one!)

2 - Every Heart

Every Heart
performed by BoA
lyrics provided by Sugar_Princess_Tomoe
for kittycatsugar

Note: Because every heart should be satisfied-even the heart of a Heylin witch...

Ikutsu namida o nagashootara
Every heart sunao ni nareru darou
Dare ni omoi tsutaetara
Every heart kokoro mitasareru no darou
Nagai nagai yoru ni obieteita
Tooi hoshi ni inotteta
Meguru meguru toki no naka de
Bokutachi wa ai o sagashooteiru
Tsuyoku tsuyoku naritai kara
Kyou mo takaisora miageteiru
Donna egao ni deaetara
Every heart yume ni fumidasereru wo
Hitowa kanashimi no mukou ni
Every heart shiawase ukabete nemuru
Itsuka itsuka subete no tamashii ga
Yasuraka ni nareru youni
Meguru meguru toki no naka de
Bokutachi wa ikite nanika wo shiru
Toki ni warai shugoshi naite
Kyou mo mada aruki tsuzukete iku
Osanai kioku no kata sumi ni
Atatakai basho ga aru soushi
Hoshi tachi ga hanasu mirai ga
Itsumo kagayaite ita
So shine
Meguru meguru toki no naka de
Bokutachi wa ai o sagashooteiru
Tsuyoku tsuyoku naritai kara
Kyou mo takaisora miageteiru
Meguru meguru toki no naka de
Bokutachi wa ikite nanika wo shiru
Toki ni warai shugoshi naite
Kyou mo mada aruki tsuzukete iku

English translation:

Tell me babe, how many times do I shed my tears?
EVERY HEART, every heart is not a gentle yet
Shall I do, I can never say my loneliness
EVERY HEART, doesn't know so what to say or what to do

Was afraid of darkness cause I felt that I was left alone
So I prayed for help to distant million stars

Round and round the planets revolve around the sun
And we always seek after love and peace, forever more
Growing, growing, woe baby we can work it out
Look up at the sky, every heart is shining on today

Show me now, what kind of smile do I come across
EVERY HEART, every heart can take a step towards the dreams
All of us, what to take a lasting happiness
Whenever you feel sad, I wanna hold you and give you a sound sleep

Someday every heart's gonna be free and easy
We have peace of mind
Someday all the people find the way to love

Goes and goes, the time goes on we are not alone
We live on together and we will find some precious things
Sometime we will smile sometime we will cry somehow
Don't forget believing yourself, tomorrow's never die

There are the warm heart places on my mind
In my earlist day's there and it's SO SWEET,
There are many stars they have talk with me so kind
They say yes always time's a friend of mine, so shine

Round and round, the planets revolve around the sun
And we always seek after love and peace forever more
Growing, growing, woe baby we can work it out
Look up at the sky every heart is shining all today

Goes and goes, the time goes on we are not alone
We live on together and we will find some precious things
Sometimes we will smile sometime we will cry somehow
Don't forget believe in yourself, tomorrow's never die

3 - Let Me Die

Let Me Die

song performed by Nicholas Tse

lyrics courtesy of Robbie and Sugar_Princess_Tomoe

A/N: kittycatsugar, you can use this song for Chase and Wuya's first dance or for a scene with Jack and Kaz something...just wondering...I have another song to consider also, but it's coming soon.

Are we at war tonight
Will there be angels whispering to me good night
Don't wake when the lightning strikes
My heart for you is true
Let no one take that from you
Time is running tight
Can't change the wrong to right
So I'll close my eyes and dream a little
Just like how we used to be baby
It's time to say fare-well
No need to cry or feeling sorrow
It's alright, all in the book of life
Heaven grant me one last wish I beg you
Let me say these words before I go

I will love you till the end of time
With every breath of mine, I'll hold you by my side
But I rest in peace, my sweet heart would you
Let me die in your arms with you
Only you can stop the rain tonight
Only you can change my world from black to white
So I'll close my eyes and dream a little more

Are we at war tonight
Will there be angles whispering to me good night
Don't wake when the lightning strikes
Heaven grant me one last wish I beg you
Let me say these words before I go

I will love you till the end of time
With every breath of mine, I'll hold you by my side
But I rest in peace, my sweet heart would you
Let me die in your arms with you
Only you can stop the rain tonight

Only you can give me strength to fight
Till the sky is burning, it's the end of time

Look ahead tomorrow, a long and winding road
Keep the faith of mine don't let it go
You're the only reason night ain't growing clod
What will I do, without you

I will love you till the end of time
With every breath of mine, I'll hold you by my side
But I rest in peace, my sweet heart would you
Let me die in your arms with you
Only you can stop the rain tonight
Only you can make my world so bright
Life, no loner empty
With you in my heart
In my heart

P.S: I take story requests, hint hint HeylinLotus-san. Yes, I added the honorific *san*.
