Chapter 1 - Beneath the Silver Moon

2

1 - Beneath the Silver Moon

Beneath the silver moon
I held you endlessly kagome
and danced the night with you cause you were ment for me
The lights above the skies were burning in your eyes
I gave my heart to you that Paper Lantern Night
But when you went away all the lights turned faint and gray
All the darkness of the night
Never thought that we say goodbye
So I will hold it all inside
But I will never forget when the lights were shining bright
Like the light shining in your eyes underneath the lantern sky
When I held your hand in mine underneath the lantern sky
A magical surprise you gave me there that night
You whispered in my ear the words I long to hear
And never forget the thousand lights shining in the sky
And never let it fade our paper lantern night...
