# 1 - Untitled

Back in the day

when nothing really mattered to me

i was so happy and so care free

but not now

now youve found me

youve taken my happiness

and made it more

but at the same time making me so dark and depressed

What will you do now?

now that you know

come on

its not like im running away

why cant everyone see what has happened to me?

do you hear what im trying to say?

its not like im running away
