<b>Chapter 1 - Under the Rubble</b>	<b>2</b>
<b>Chapter 2 - Revenge of HIM!</b>	<b>3</b>

## 1 - Under the Rubble

? I couldn't feel my legs, arms, or any other part of my body for that matter and all I could see was rock. I could not decide what hurt more the rocks crushing my insides or losing the Cooper fortune to that stupid raccoon's son! For a minute I thought I was dead, but then I heard sirens from what might be police boats. I then saw some light. I reached up and tumbled a rock out of my way and climbed out. I crawled toward the edge of the pile of rocks that I was under and rolled down. I know how strong the new Cooper was and I needed an ally, a friend, some kind of apprentice if I was going to beat "Sly" Cooper and his little gang. But first I had to get out before the cave fully imploded. I couldn't walk, or even move. So what did I do, something stupid! "HELP!!!!!" I cried. I thought no one would come but then I saw one of my mutant henchmen come and grab me by the back of my coat and dragged me to a boat where we sailed away from the island.

## 2 - Revenge of HIM!

? Nevada Desert: 11:38 pm. There it was, the legendary Area 51. I saw planes fly into hangars and UFO's on flat-bed trucks, but it was not them that I needed. The bird that had so long puzzled me was what I was after.....built by hand and fueled by hate it was truly a masterpiece! and I needed him for my evil plan. painted green and black with an American flag on each wing. How could such powerful people, the Americans, disgrace such a beautiful War machine! but never the less it would have to work.....I snuck past the soldier who were guarding it. on the back were the letters the Cooper clan feared the most C L O C K W E R K. shocking really that such a simple word would make a Cooper fall to his or her knees with just a whisper of the name. I climbed to the top where the hate chip would go. I pulled a chip out of my pocket and placed it in the slot. "Look up there!!!" a Deer yelled and shot a couple rounds at me. The Clockwerk Eyes Became red, I could feel the hate inside him just waiting to come out! I ran as fast as I could, and then I saw it.....a glare of bright light spread for miles and when I looked back I saw it.....nothing! Nothing but a large Owl. Area 51 was destroyed in the process but who cares! "Um excuse me, Mr Werk but I was wondering....." I said....."What do you want before I crush you like a bug!!!" the Robotic bird boomed. "...It's about your nemesis...Sly Cooper..." I said and cringed hoping he wouldn't disintegrate me "You mean The Sly Cooper that Destroyed me twice, the Sly Cooper that is the son of the first Cooper I KILLED!!!!!! you know about SLY COOPER!!!!!!!!!!!!!!!" the bird Shouted at the top of his newly installed lungs. "Yes I was wondering if you would help me DESTROY him?" I said. Clockwerk just stood there, almost unoperational....."HAHAHAHAH!!!" Clockwerk laughed. "that's all.....why of course.....Mr....." he said. "Dr. M, and I believe this is the start of a very good friendship....."
