**Chapter 1 - Someone**

**2**

## **1 - Someone**

Someone walks the halls alone, and someone walks through life alone. And someone has no friends but yet keeps walking. People talk about her and even double cross her. And then that someone almost gave up, but then some true friends helped her up. They didn't double cross her they stayed by her side. They walked with her and talked with her. They taught many lessons, and gave her new hope. She didn't feel alone anymore even when they weren't close. Now that someone is happy and really can't complain. But now there is another someone that feels exactly the same.

This is my 1st poem. I hope you guys like it. Tell me what you think.
