1 - Finally found

Blade the Fox was missing from her home planet, Venus. She was imprisoned in Kerria, the prison for the chosen one. Being the chosen one she can control all plant-life, and summon plants from anywhere. She's also trained in the art of Ninjitsu. While Blade sprinted as fast as she could, she felt watched. That was not a good sign, especially for her. Waiting all these years, finally she was found. She stopped, there he was. Standing in front of her was the guard of Kerria, the controller of rot.

This was the time to run. Now? But where could she go? Home, to Venus. But there was no way to get there from here but to transport. She had to. Suddenly she was on Venus. It worked! Now she was safe. But he would find her soon. She transported her best friend and partner in Ninjitsu, Lilac Winds.

"Blade, what is happening?", Lilac asked. "Lilac", she had catching her breathe. "He has found me, I am no longer safe", she added

They had to watch each other's backs. They saw something come out of the shadows..... Blades' parents. But how? Why? Now?
