Shimmer Shimmer Little Star, How I wonder what you Are...

They Just Shimmer All Day and Night... What's their Purpose? It seems like they are there only to give us joy when we're feeling Sad or to give us Romance in the Moonlit night... but the Real Purpose is unknown to most of Us... But I know the Truth...Stars Give Life and Light, But they are also Given Life... Once a Star is Created by another Star, Their Star Light is a very Precious Thing... Most of them don't shine that Little Light they have untill they are old enough, Maybe it would be better for you to think of this first Shine of theirs like, A Young Womans Virginity...They Don't want to shine untill absolutly Ready! But Once they Do Shine, It's so Beautiful, Better than the Light of the Moon on the Summer Solstice... And the Very First Person to See this Shine is Gifted, Or As Some Call it Now A days Cursed. The Person To see The Shine Gains Mysterious Powers. The Powers Of the Lit. They Gain A Mark, that looks like a 8 Sided Star. Besides That Star they Look Like all of us... Well Untill they Transform! They Transform into the Guardians of the Star that Shined upon them, And They Can Help the World further Gain it's Dream of world peace... Nice Plan huh? Well Untill These Stars Started Exploding and Creating Black Holes Who Want to Destory more Stars in their Quest for Power! Well thats Enough Info for now... But I will Tell you, that the Ones "Cursed" with the Powers of the Stars are Faced With Treterous Dangers Everyday...Most of them are caused by the Dark Saints of the Black Holes that Reside in Space...
