Chapter 1 - the price to pay

2

1 - the price to pay

I blame those who were there
I blame those who didn't try enough
I hate those who claim they are the 'best'
I hate those who never shut
I hate those who never listen
I hate the most
Is those who say they listen
But then tune you out
Those who say I am here
But never show up
No ones a hero
No ones a villain
We all have prices to pay
For the way we live our lives
Even the heroes who say they who they are
I've contradicted their knowledge of life
Good and evil don't exist
Villains only pretend to get attention
Heroes and villains pay their prices all the same
I hate those live a code
Who speak and throw out ideas
Without thinking them over
To bad this all boils down to you.
We all live our lies its time you
Gave up yours.
