Chapter 1 - End It All

2

1 - End It All

Nothing ever changes,
Once a cheater always a cheater,
Always being lied to,
I know I shouldn't have met her,
But there's only one thing to do.

I give up,
I have to end it all,
I've had enough,
This will be my final fall.

These people stare at me and treat me like an outcast,
They hate me, reject me, spit on me,
I want to be away from everything,
In a hail of bullets, alas,
No one can see,
The one tiny little thing.

I've given up,
I have to end it all,
One way or another,
I can't handle all of their stuff,
Just write "sorry" on the wall,
With the blood given to me by my mother.

I knew I should've died,
In the back of the ambulance,
But I stayed awake for her,
And I regret it,
For all those wasted nights that I cried,
Almost stuck in her trance,
For this I'll surely burn,
Or find eternal bliss.

I gave up,
I ended it all,
I slit my neck and drained myself of my essence,
Death shall no longer stall
