# 1 - page 1

Playing in my mother's garden is so fun. And seeing the clouds pass by. Everyday I would see a new character in the clouds. Today I see a fairy, and a elf, also a kitty. I just love cats. That's why I have about 5 of them.

~~~~~

"Amy! Come inside!"

"In a sec mom!"

My mother is always a pain. She always destroys my pre-fit fantasy. Every time I play in the garden I believe I'm in a different world. A world where I can live in a beautiful meadow. Be a cute little elf with my friends, Kitty and Amanda. They are cat demons. We always play and play. But once my mother calls me my world turns into a garden, with my cats and the blue house I live in.

---6 years later---

"Mom! I'm off to school!"

"See you later!"

School is such a pain. All the kids never leave me alone. They keep calling me "The Weirdo". After a while it gets to you. But mother always says when someone begs you it's because they have parent problems. But i still want to kick their butts.

Art class...

My art teacher is the nicest, to me. Whenever I finish my work I get to draw or paint. And all my work has pictures of meadows, and fairies, even cats. Even when I stop dreaming those dream I would still draw them. I do this so I won't forget. Plus they help me a lot when it comes to my drawings. They give me great ideas.

After art class is math, and I hate who teaches it. 'Mr. Koru!'

"Ok class take out your homework so I can see. And while you're all waiting do the problem on the board." As I walk through the class I solve the problem. ~By the way I'm one of the smartest kids in this dumb school, so this is all easy.~ I finish the problem in just seconds, so since I get bored easily I take out my drawing notebook. As I begin to draw... "Ms. Ken put that away at once!" ~This is why I hate him. I could never when I finish my work.~

"But Mr. Ko-"

"I said NOW!"

"Fine! By the way go get eaten by the sharks." After what I said Mr. Koru just looked at me like I was crazy, well everybody does that to me. So I'm used to it by now. I put my book away, well till leaves my desk. I start to draw AGAIN, and start to draw a person. At first it looks human then I would add cat ears, then a fox tail. Then finally a school-girl uniform, only the skirt is more shorter. Plus a cute bell hanging around her neck. I would color it after class.
