1 - begining

My story starts with a nine year old and a sixteen-year-old boy. They lived in the Uchiha Clan of Konahagakure. They had a wonderful mother and a strong-hearted father that kept the household in order. This is their story...

"Big brother why does father never talk to me when he sees me but talks to you all the time?" asked Sasuke-Kun, the youngest of the family.

"Well Sasuke-Kun, I'm in the Anbu Black Ops. But don't let it get to you." Itachi-Kun said trying to calm his younger brother.

"But he doesn't even talk to me anymore, let alone look at me. He just turns away and goes somewhere else if he doesn't run me over first. It's really annoying some times you know." Sasuke-Kun complained.

"Sasuke-Kun, Itachi-Kun time for dinner!" yelled their mother Mikoto-San.

"Coming mother!" said Itachi-Kun as he stood up in his navy blue pajamas, "remember what I told you and you will be fine."

2 - next morning

"Sasuke-Kun, come here I need to talk to you." Sasuke's father, Fugaku-San, told him.

"Yes father, I'm coming!" Sasuke-Kun told his father happily.

"It has come to my attention that I haven't been paying enough attention to you and I'm sorry about that. There's so much going on at work lately since your brother has joined the Black Ops they put more work on me so I do more in order to go with him on his missions. And speaking of Itachi-Kun he's informed me that you've been doing very well in your training. So as a reward for your effort and patients with me I'm going to take you to work with me today." Fugaku-San told his son.

"Really father!" yelled Sasuke-Kun, "I can really go with you today!"

"Yes but just this once."

"Okay... I'll go get ready." Sasuke-Kun was running to his room before he was finished talking.

"Are you sure about Fugaku-San? He's just a boy after all even if he hasn't awoken his sharrington yet." Mikoto-San asked when Sasuke-Kun was out of hearing distance.

"Don't worry, he'll be fine with Midami-Sama besides he'll be back when he's ready. And we will get to see him if we have missions with him because Midami-Sama won't leave him alone."

"I know but still he's only nine and he's the youngest of our family. Think of Itachi-Kun; think of how he would feel being here with out someone always alone with no one to talk to until he wakens his sharrington. Fugaku-San don't you get it!"

"He'll be just fine and you know it Mikoto-San! After all he's the one who helped us awaken our sharrington and we went back to our families as soon as we mastered it and Fire Ball Jutsu."

"Mother are you okay? Father is this outfit okay or should I put on something else on?" Sasuke-Kun asked showing up out of nowhere.

"Your mother is fine and so is your outfit. Now let's go boy." Fugaku-San said a little irritated.

3 - at anbu hq

“Father are you sure I can do this stuff? It looks like it’s for Chunin and I’m only at the academy...”

Sasuke-Kun said as Fugaku-San handed him a paper that told him what to do first.

“Don’t worry my son, it’s only a paper on what you know about being a ninja and what you want to do when you reach Jonin.” He told his son while looking at his own work he had to get done before Midami-Sama got there to get his son, “it’s a report that Lord Hokage wants you to do just think of it as a mission and you will be paid for your work.”

“A mission? Really father!” as soon as his father told him Sasuke-Kun set right to work with his ink and quill trying to also finish before Midami-Sama got there in an hours time. “Done. Father is there another paper I have to do?”

“Yes actually I want you to write as many details about yourself as a written report for Lord Hokage. Include your age, favorite foods, favorite books, and exedra. Now get to work boy.”

“Yes father,” as soon as Sasuke-Kun started working there was a huge commotion from the first floor of the police department by someone dressed in white and red, “father is that Lord Hokage?”

“Yes but you need to finish that paper and quick,” Fugaku-San was in a hurry and rushed down stairs to talk to Midami-Sama and run home to get Sasuke-Kun’s stuff, “he’s almost ready to go I just need to run home and get his things and then pay him.”

“Alright Fugaku-San. I’ll go up and introduce myself to him.” Midami-Sama was walking up the stairs to the third floor where Sasuke-Kun was sitting at a desk writing his paper.

When Fugaku-San got home he ran to Sasuke-Kun’s room and grabbed the bags Mikoto-san packed after they left. He grabbed Sasuke-Kun’s medication and some of the candy he had stashed under his bed as well as Sasuke-Kun’s moneybox from his room and the locked box of Sasuke-Kun’s money that Mikoto-San had saved up just for him and enough to pay him in full for his work at the Police Headquarters. When he arrived back at work Midami-Sama was watching Sasuke-Kun work quietly studying his handwriting.

“Sasuke-Kun it’s time for you and Midami-Sama to go. He will explain what is going on on your way to where he is taking you...” Fugaku-San trailed off not looking at his son but instead at the floor looking as though he was going to cry.

“Don’t worry Sasuke-Kun it’ll be fine and you’ll have loads of fun. The reason we had you write these papers was so I would know what to do from your perspective and your fathers –yes I had him write a couple of them too.” Midami-Sama was trying to make it sound like they were going to have loads of fun together when he was going to be doing the exact opposite.

As Midami-Sama and Sasuke-Kun walked past a few Anbu Black Ops –including Itachi-Kun- showed up in their Anbu uniforms. “Sir, we are here to help with keeping the location of Sasuke Uchiha age nine, ninety-five pounds five ounces, a secret and to protect you and he.” one of the guys had stepped forward and looked at Midami-Sama even though he was wearing a mask Sasuke-Kun could tell that he was also watching him with a close eye.

“Alright. Will you please help us take his stuff to the hide out? Fugaku-San have you got anything to give us before we take our leave?” Midami-Sama was now looking at an upset version of Fugaku-Kun’s face.

“Here Sasuke-Kun... I grabbed your moneybox and a little something that your mother and I have been saving up for you use it wisely.” He was now walking over to Sasuke-Kun but before giving him the items he took Sasuke-Kun in his arms and gave him a tight hug. When he finally put him down, he

handed Sasuke-Kun the items and left work with something that looked like tears going down his face. "Goodbye father, tell mother I love her and I will miss her. Father!" at this point Sasuke-Kun was crying really hard and tried to reach for his father.

"I'm sorry son but you have to go now. I wish I was able to do more." Fugaku disappeared from sight in a crowd of workers and left Sasuke crying out for him.

Midami was already on the move of getting Sasuke into the arms of Itachi and holding Sasuke's stuff by the time Fugaku left the office. "Sasuke if you behave I promise you that you will see your father again."

"But I don't want to leave father and mother. I want to stay with them!" He was trying to get free but Itachi had a pretty good grip on him. After a few minutes Sasuke finally gave up and Itachi carried him outside then set him down and punched him on the temple causing him to fall to the ground out cold.

"Itachi that wasn't necessary."

"Even so we can't have him trying to get away and finding his way here again. I did it so he can't memorize his way there and back."

"Itachi you are too much ya know. So are you going to stay with us when we get there or are you coming back home?" Midami was trying to get answers but Itachi was too interested in getting Sasuke out of the village so he quickly gave up.

"When we get there I am staying there for protection to you and Sasuke." That's all he had to say to get Midami to understand what he meant.

4 - pain in the family

“Sasuke-kun.... Sasuke-kun. Wake up!”

“AHH!” he yelled as he awoke from his silent slumber. “Huh? Brother? Where are we? I don’t recognize this place.”

“We are at your temporary home with the fourth Hokage. You are here to train. Now get dressed and meet us down stairs in twenty minutes. I have something for you.” And he walked out of the room closing the door behind him.

Sasuke took the chance he had to look around and find his stuff. But when he came across a picture of his mother, father, Itachi, and himself his eyes started to tear up so he turned it over and saw a note his mother wrote him. He silently read the note to himself:

Dear Sasuke,

Don’t forget that your father and I are waiting at home for you. I will try and send you letters from time to time. I hope you behave for Midami, Tsunade, and Orochimaru they’ve gone through a lot of trouble to set up and get the right help to help train you. Please keep this picture and yourself safe. I love you sweetie
~Love, Mother

“Mother... I’m sorry. I’m sorry...” Sasuke had never cried so hard in so long until he read his mother’s words.

“I thought I told you to....” But he was so stunned by the way Sasuke was acting he couldn’t finish his sentence. “I’m sorry Sasuke-kun but we had to bring you here. Don’t worry you will still get to see her on missions because we have to talk to you. Now get dressed hurry.”

“Yes brother.” Sasuke finally gave in to his brother and did as he was told and got dressed for the day. He regretfully put the picture in his shuddiken holster and walked down stairs to meet up with Itachi and Midami.

SLAM!!

“What was that? Wait a minute... SASUKE-KUN!”

When they both ran into the room they saw Sasuke laying face down on the floor bleeding from an ear and somewhere they couldn’t see. “Sasuke-kun! Brother c’mon can u hear me brother! Please wake up!” Midami had to pull Itachi off Sasuke in order to examine Sasuke. So he sent him to get a medic from Konahagakure.

“This is not a good time for him to have collapsed... Tsunade-Sama and Orochimaru-Sama are on their way and he’s out cold and bleeding. I hope Itachi-kun hurries... or Sasuke-Kun won’t make it.” After about twenty minutes of trying to get Sasuke’s bleeding under control Itachi showed up with Tsunade and Orochimaru. “Bout time you got back Itachi! Hurry in here I can’t get the bleeding controlled!”

“How long has he been bleeding?”

“About twenty to twenty-five minutes.”

“Don’t worry I can help him. Set him down flat on his back.” After he set him down Tsunade got to work—and being the awesome medic that she is—healing Sasuke’s wounds. “There he’ll be just fine now.”

“W-where am I? Owe...”

“So you’re finally waking up ay boy.”

Just after he said that Sasuke realized that someone was there with him and tried to get up but found himself bound to the bed by a wire called “chakra strings” and started to panic. “Calm down boy.

You’re just fine.”

“Who are you?! What do u want with me?” he still can’t hide his rising panic enough to control it.

“My name is Orochimaru. I’m here to help you train and that’s all.”

“OROCHIMARU! What do you think your doing? He’s a kid and you’re scaring the living daylights out of him. Untie him. Now!”

Sigh. “Fine. I will but when will he get to train with me?”

“Not until I say so. You know the rules. I told you before we left.” Tsunade had then turned to Sasuke who is now untied, “are you ok Sasuke-kun?”

“y-yes. thank you milady.”

“you can call me Tsunade.” She just had to smile at the look on his face and when he smiled a beautiful smile. “c’mon let’s go eat.”

“Hai!”

“Wow I didn’t know you knew another language besides English.”

“Mother taught me. Big brother wouldn’t learn from her. He said he didn’t want to be taught by someone with Japanese blood like Mother and me. And he said it so mean he made Mother cry. But Father made him say sorry to her.”

“is that so? Itachi-kun must have been really mean. How much Japanese do you know?” by this point Tsunade was getting really interested about Sasuke’s past.

“a whole bunch! Mother was a great teacher. She even taught to children in the clan that asked her!”

“That’s good of her. Now sit down and eat. I’ll be right back, don’t go anywhere.”

5 - The Loved Boy

"Sasuke-kun I have a training buddy for you. He's one of your class mates from the academy."

Tsunade had just got back with the boy from Konoha. She had let early that morning, after she healed Sasuke, to fetch the boy. "We are going to help him learn how to control his chakra, learn Jutsu, and so you both can learn how to make friends.

"Naruto-Kun!" Sasuke jumped up and hugged the boy even though the boy looked fairly uncomfortable. "Senpai will you please let go. This is all new to me." He pushed Sasuke away and hid behind Tsunade. "It's okay Naruto-Kun he wont hurt you. He's here to train just like you. You will soon learn how to handle being around other people." All Naruto did was look at the both of them and said nothing. "don't worry Sasuke-Kun it's be fine. He'll get used to all of us." to assure him she flashed a very nice smile and left the room leaving them alone.

"Want me to show you to your room or would you like to eat?"

"Can we do both?"

"Sure!" Sasuke grabbed Naruto's hand and let the feeling sink in

"Thank you Senpai." "His hand is so warm...it feels really nice. Maybe this won't be so bad after all' Naruto thought to himself and smiled to Sasuke.

"Sure Naruto-Kun. Your room is right next to mine. Over here." He said as he opened the door to the room next to his own. "Yours is bigger than mine but that's ok I had a choice between yours and the room I'm in now but I chose the smaller of the two. I like smaller spaces." The boys stayed up in the two rooms for hours before someone went up to get them for lunch.

"Come on it's time for lunch. What have you two been doing all day?"

"Big brother! We were playing chess."

"That's good. You guys hungry? We have ramen and something all the way from America called stake."

"Really?! I love American Foods. Stake is the best I've had yet!"

"Wow Naruto-kun I didn't know you liked American foods." Sasuke was saying as they walked down to the kitchen with Itachi and Naruto. When they got down there, there was more than just a meal waiting for them... when they walked into the kitchen everyone yelled "Surprise!" making Naruto and Sasuke jump.

"Happy birthday guys! Come, eat and enjoy yourselves."

"Naruto-kun you okay? Naruto!!" Sasuke yelled as Naruto fell into Sasuke's arms out cold and sweating. "Where's Tsunade-sama!

"She left a while ago... she won't be back for a while... we just have to try our best to work things threw."

"But what about Naruto-kun? He doesn't look well and he's really warm." He said looking at the boy in his arms. "I don't want to loose him."

"Don't worry Sasuke-kun. We will help him. Here he must be heavy let me take him."

"No! I can carry him." He was yelling again but turned his back and walked up stairs to his own room and put Naruto on his bed. "I will protect you," he whispered softly to Naruto.

Sasuke stayed with Naruto all night. Not sleeping just watching him. When someone finally came to check on them Sasuke was trying to cool him off by removing Naruto's jacket and shirt. "Here try putting water on his face and bare skin. It'll help him." Itachi set the tub of water down on the nightstand and went back downstairs closing the door behind himself.
