1 - Zamera

Zamera

Once day there was a reporter,

Using his pencil was complete torture,

So one day he bought a camera,

He noticed when he took a picture it made a musical note and it said "Zamera".

He took it for repair,

But he didn't have much money to spare,

He thought on what to do,

At once he knew what was wrong,

His camera wanted him to make a song.

He composed a song that night,

He told his camera "Sleep Tight",

The rest of his life he composed music,

Someone asked him, "Is it hard to do?",

"No," he replied, "There is nothing to it",

His first song he called "Zamera",

And it all started with a camera.
