I made my own lyrics to Fireflies by Owl City. They're about my friend who's not with us anymore.

You can find the original song on YouTube. :)

I love my little kitty, even though he's dead. Rest In Peace Yoshi.

Chapter 1 - Zombie Kitty Cat

1 - Zombie Kitty Cat

I would not believe my eyes
If the stars in the dark blue skies
Would shape your pretty face
Cause you'll never get back now
And if you did I'd be asking how
My happy tears would come down in a pretty row

I'd like to make myself believe
That you slept beside me
It's hard to say that I'd rather pat
A zombie kitty cat
Than only having memories left of you

Cause I miss you so amazing much
I want your furry body to touch
I remember when you snoozed in my sombrero hat
I remember your waggly tail
I remember when you licked a snail
I remember your epic flying fail (fail, fail)

I'd like to make myself believe
That you slept beside me
It's hard to say that I'd rather pat
A zombie kitty cat
Than only having memories left of you

Just hold you for a heartwarming sec
(please come back to me)
Feel the cat collar around your neck
(please come back to me)
Right before you leave me for good
(please come back to me)
I would hug you forever if I could

When you drowned in that pool
I was studying at school
I had no chance to save your life (your life)
But you should know how I cried
And how very hard I tried
To convince myself that you felt fine

I'd like to make myself believe

That you slept beside me
It's hard to say that I'd rather pat
A zombie kitty cat
Than only having memories left of you
(now when you're gone)

I'd like to make myself believe
That you slept beside me
It's hard to say that I'd rather pat
A zombie kitty cat
Than only having memories left of you
(now when you're gone)

I'd like to make myself believe
That you slept beside me
It's hard to say that I'd rather pat
A zombie kitty cat
Than only having hurting memories (left of you)
