*I wasn't aware back then and I honestly don't know if it's better now when I actually am aware.*

## 0 - Is it really better now?

I didn't understand  
I was way too young and dumb  
To even notice  
I didn't know anything better  
So I continued as I always had

I feel sorry for my past self  
How she didn't know hurts to know when looking back  
She wouldn't have had to walk alone  
To be alone

But still I know she was happy  
She had her friends  
Only hers  
Simply because no one else could see them

She wasn't that lonely girl most of the time  
She was a cat with black fur who couldn't find his way home  
Always walking, trying to find somewhere to start all over again

When she was a girl she had some classmates  
They didn't really want to play with her  
And she didn't really approach them  
Since that day when another girl left  
Just to be hurt by yet another  
But by that time it was too late to come back  
For the girl I was didn't want to be approached anymore

She had her friends  
She had her own world  
She didn't need something concrete  
That was much worse than the abstract things she created herself

Maybe I shouldn't feel sorry for her  
Maybe it wasn't that bad after all  
Maybe it's just egoistic to feel sorry for myself  
And maybe

*Maybe I want to go back*
