I love the way **you** act black...god I will miss that. I love the way **you** joke around, **you** always made my frown upside down and **you** always knew how to make **me smile**. I love the way **you** looked at me when **you** said, "I LOVE YOU" I will miss that dearly...what I don't understand though is how **you don't trust or believe me**...**you** trust someone who is practically a stranger over me...over Hannah...I want my best friend back...can I have that?? I don't think so...**you** turned **your** back on me...**your** life, **your** world discludes me...how much hate and anger could **you** have towards me?? It's lies...all lies...those lies hurt... I KNOW...but what makes me mad and sad is that **you** believe those lies...now since **you** turned **your** back...**your** best friend wants me and stabs **you** in the back...because of me, **you** two get in a fight...**your** not best friends no more...how bad is that?? I am mad **you** don't listen...**you** lie to **yourself** ...people look at me and some can tell that deep down inside behind **my** smile...I am covering up...covering up pain, loneliness, my first heart break </3...**you** say I don't care about **you**...well **your** wrong...you're **my life**...**my world**...**my light**...**my faith**...I helped **you** with **your** girl problems too before we even went out...**your** life problems too...how could **you** say that...I gave **my heart** <3 to **you** the day I met **you**...even though there was other girls...yeah...I admit...I was jealous...but...I still stood by **your** side...along for the ride...MY question is do **you love me**?? Or do **you not**?? I need to know please...before it's all gone...before its all forgotten...Remember that one soccer away game at Granite falls?? I do...CLEARLY...at the time I "liked" **Ryder**...that was a cover up...but **you** don't know that...**you** liked **Korie** at the time...I know...I could tell...**You** guys walked off...**you** gave her **your** jacket to her...I was sad and I felt bad for being jealous...I remember just standing behind the bathroom building...hiding...alone...looking at the dark starry sky...**You** were with **her**...when we left **you** sat with **her** on the bus when **you promised to sit with me**...I was sad, mad, angry...but I was happy for **you**...**you** were happy...that's all that mattered to me...Now looking back I am glad that **you** were happy...I like it that way...I just want to say **thank you** <3 for being there for **me**...for being such a good best friend to me...One last thing I need to say before I go... " I LOVE YOU" and I hope it shows...
