1 - Neomoniam

My Neopets Adventure

One long, long, long, long day in Neopia I woke up from my neohome. I went to brush my teeth in front of my bathroom sink. I couldn't reach the dental floss, so I jumped. At least I grabbed it.

I knew I would soon feel my feet land on the cold hard floor. After all, I wasn't wearing socks or shoes. I was wrong; I never felt the cold stone floor. I was floating. After a few minutes, well it felt like that but it was really an hour!

Anyway, I got the hang of flying. I flew into my pets' room. I first woke up Darkstar574. He's my shoyru. When he finally gets up I tell him "I'm going to Neopia Central to get some food, tell the others when they wake up."

Of course, I can't always rely on him. I go over to Darkflame385's room. I tell her the same thing. I can trust that she will do it. Off I go but right before I leave, I hear some moaning from black_moon556's room. I go over there as swiftly as an eagle. Almost exactly like one, since I can fly. Anyway, he tells me he has neomoniam! Oh no, I have to bring him along to go to the healing springs in Faerieland. I mean he's sick and all, don't get me wrong but he weighs 40 pounds!

Then I hear another groan. "Oh no" I thought, not another one! It's Darkflame385's room. Not Darkflame385, I, again, swiftly go to her room. She says the exact same thing as Black_moon556 did. Then I hear another moan.

"Not again!" I say. Tinkerbelle6567 also had neomoniam. The only pet that wasn't sick was Darkstar574. I had better take him with me, so I rush over and grab him. Good thing he had wings, I was dying of walking without him.

After all, it was a long trip to Faerieland to get to the Healing Springs." Wait..." I thought, "How could I walk if I could fly?" "That's odd!"

I was being silly thinking I could fly and walk at the same time! Anyway, we got to the Healing Springs just before 12:00! Since it was almost lunch, we got some faerie food. Darkstar574 asked me how high I could go, so up I went. I soon noticed I couldn't stop! Uh oh, that's not good!

How was I going to stop? The breeze felt nice. I almost forgot I was flying! I went 5x around Neopia trying to tell Darkstar574, every time I went, around to go home.

Everybody was staring at me. I went around 7 more times. Ok let's stop this story and talk about how I stopped, ok? Anyway, the flying power ran out and I landed in the Endless Plains. The end of my story is near, anytime. THE END

2 - Upside-Down !?

One day I woke up and discovered that my bed was on the ceiling!

I knew today was going to be another strange day, as usual. The only thing I didn't know was that this day was going to have to do with the ceiling! It's true, it does have to do with the ceiling. Anyway, let me back track to umm...about a week ago with this strange dream I had.

Ok, It all started around 10:00, when I finally went to bed... I dreamed all the furniture in Neopia was on the ceiling of every building. When I say everywhere, I mean everywhere! I'm not kidding, I mean in Faerieland, Maraquia, Meridell, Terror Mountain, Mystery Island, Haunted Woods, Lost Desert, and even Tyrannia!

Of course, all you smart people all ready knew that I would have, by now, fallen on the floor. You're wrong, I held on as tight as I could to the slippery, plastic table. How? I don't know how the furniture stuck to the ceiling. I wasn't the furniture so I decided to just drop. "Oww! That hurt!" , I shouted.

Of coarse someone heard me, but who? Why it was just Darkflame385 with her new yellow coat. She quickly asked me, trembling with fear that I was hurt badly" Are you ok?"

I simply answered, while feeling the small bump on my head "Yes, I'm fine!" I smiled. She didn't smile back, instead She asked me why every-

thing was upside down. I told her" I don't know" Her frown grew. She slowly walked to her room.

I ran out the door to explore. I was in the air! Ow... again I fell. I went to go ask my friend about why everything was upside-down. Of coarse, she was wearing a new dress. One that was blue with black poka-dots. Anyway, she didn't know either! Hmm...That was strange that no one knew what had happened. From that point on I knew something was wrong.' Maybe I was dreaming', I thought. All of a sudden, the floor was acting like there was an earthquake. As if this was, some ancient tome and I just fell into a trap. I bounced up and down in the sky. I felt as if I had been flying. Then it stopped when I was in mid-air. `Why do I keep falling?", I asked. Anyway, I got up from the floor, as painful as I felt, and walked homeward. I tripped on a code stone. Code stones are very valuable. When I was about to pick it up and get on my feet I woke up. `It was just a dream", I whispered softer than usual but Black_Moon556 heard me and asked, "What's wrong"

I simply replied "Nothing" Then I decided to have a glass of hot cocoa. We then went to the park and had the time of our lives. All five of us.
