1 - Prolouge

Prologue

Once, there was a land called Fentil. It was a prosperous land. Full of many creatures. The land of Fentil lived in peace with its neighbors for many centuries. That is, until Fentura decided to attack. The war has lasted a decade. Fentil's only hope are a few brave warriors of various species.

Amber Kiyoko, the elf. She has the ability to control fire at will, without getting burned. She is 13.

Raine Setutchi, the human. She has the ability to control vines. They are mostly used for defense, but she can control them at will for other uses. She is 15.

Kiazo Pandrakin, the blood elf. He has supernatural abilities, such as reflexes, vision, and hearing.

Don't be fooled by his looks, for he is the oldest of the group. He is 54 and the leader of the group.

Kage Takmashi, the drox furry(fox/dragon anthro). He can breathe fire and control the shadows and the moon. He is 14.

Nira Ayamna, the half wolf. She has a wolf's sense of hearing, smell, and sight. She's also a fast runner. She's the youngest in the group, being 12, and is quite shy.

And Narnianna, the night elf. She can make her tattoos become what they are. In other words, if she has cat fangs tattooed around her mouth(she doesn't, this is an example) she can make her canine teeth become large cat fangs. She also has a keen sight and smell. She is the second oldest, 23, and is the second in command.

The entire fate of Fentil rests on these warriors' shoulders. It is up to them to bring the Fentura's forces down and save Fentil from poverty and slavery.

This is the story, of the Six of the Forest.

2 - Rise and Shine

Narnianna yawns as she looks around the campsite. She sighs.

"Looks like its rude awakening time."

She grins and grabs a metal pot and a stick. She walks around camp, banging the pot and yellin "Rise and shine sleepy heads!"

Kaizo sticks his head out of his tent.

"Shut up! We're all tryin to sleep here ya crazy night elf!"

"Hmph, well excuse me for trying to get everyone up to an early start to we can get on the road again. At least we night elves get up, unlike blood elves."

Kaizo glares at her and withdraws into his tent. Narnianna continues to bang on the pot with the stick. One by one everyone else gets up and dressed.

"There we go! Now, I'm not gonna make ya guys breakfast, so have at the supplies and cooking ware."

Narnianna states, turning to her tent to pack her things, having eaten already.

"When are we gonna set out again?" Kage bugs Narnianna while she's packing.

"When everyone finishes eating and packs their things...."

"Okay...." Kage heads for his tent to pack his stuff like everyone else.

Meh... There Nara-chan. I updated.... I know its short, but I am bored and I have no inspiration at all for this story. I might let it die and do an Akatsuki story instead. But anyway, I need ideas. So comments and ideas are much appreciated.
