2 - My Dream

Grace yells violently at me "Your precious little naruto loves me now so give me the necklace he gave you!" Then tries to snatch it of my neck. She missed, but just barely.(the necklace she's talking about is this 24 carrot gold heart on a silver chain naruto gave to me as a birthday gift. He said he gave me his heart when he put the necklace on me) "Grace what's wrong? We were friends, you understand about how I used to feel about naruto. He gave me this." I pause to see even the slightest glimpse of sorriness in her eyes. I didn't. She tried to get it of my neck again. I just barely dodged her hand."No, Grace you can't have it. He gave it to me and I won't give it up." I say trying to stay as calm as I could. Then she rips it off my neck and during the process breaks the beautiful silver chain. "No! Grace you can't have it! I haven't taken it off since he put it on my neck!" I say as I put my hand up to my neck. "Grace, that necklace is a part of me. I need it." I say and then start crying. Then naruto walks up to Grace and kisses her. "Hey, what's with her?" Naruto says. "Oh, she's just a baby I guess." Grace says as an evil smirk goes across her face. "What's in your hand, Grace, baby?" Naruto says as he sees the broken chain in her hand and looks at my neck. "Well whatever it is, I got you a present. Now close your eyes and hold your hair up." Naruto says as he puts his hand into his pocket. Grace did as he asked. He put a necklace just like mine on her neck and he said, "Now I give you my heart as a token of my love for you." Then Grace smirks and says so only I can hear "Well, I guess I don't need this broken, ugly, necklace so why don't you keep? Huh? Or do you still want it, dog?" I grab it furiously and wrap it on my hand. Then naruto says, "where's your necklace I gave you? Did you throw it away since we're not going out anymore?" he asked sounding a little hurt. I say angrily "Ask your dog of a girlfriend, she should know!" I stomp of. Naruto stands there looking confused. "I thought they were friends, now that Yensha said she doesn't like me? Does she like me? Does Grace even like me?" Naruto says as he stands there trying to figure out what just happened. Grace comes and says "Of course I love you, baby, but she doesn't, trust me. The way I saw her rip that beautiful necklace off here neck as soon as she said she didn't have her heart open to you she ripped it off her neck and said screamed radiance." She moves closer and trys to kiss him. He let her, but his return kiss was full of unease, uncertainty, and confusion. Then they wake me up in the real world and naruto says "Was that just a dream or did that really happen? Yensha answer me!" I they scared, confused, and shocked at him knowing about the dream I just had. "It was just a dream." I said trying sound like that was the truth, but it wasn't. To be continued
