1 - The Dream(edit)

I woke up in a staggering daze, my head throbbing like a motherf***er. "Ugh! My head!" I opened my eyes to find myself facing downward in a pitch black room-it was hard to tell which way I was facing-floating in mid-air. Stunned, I dare not move for the fear that I might fall. I winced in pain as the throbbing grew stronger with every thump. When I opened my eyes again, I was standing in Abyss, the darkest place you could find yourself in my village. Abyss was a living creature, swallowing anyone who foolishly enters his torn body of the woods. I start to panic as I realize I am dissolving in the mist, immense pain like lava flowing on my arm. I tried to scream in pain, but my body wouldn't allow me. Then I see my arm explode with gore and bone. Inside I scream in pure horror and agony. I thought to myself...What an agonizing way to die. Now I feel the pain that everyone has suffered in this forest. As I fall on the ground, almost fainting from the terrifying sight and demise, I notice a shining light and the mist disperse. Abyss?! Defeated?! I thought in shock. Then I fall back, unconscious. A word springs through my brain.....

....KEYBLADE....
