Chapter 1 - i could show you

1 - i could show you

we write of it,
never understanding its delicate touch,
why does it choose some and not all,
those that find it fall,
to its rythm and beat,
it fills the streets,
some ignore others decline,
its gentle presence benign,
to those that accept its lustrious charm,
join under its power protected from harm,
by their significants will they live and thrive,
under harmony, agree to survive,
with eachother forever,
entangled they grow,
loftier and brighter,
their love begins to show.
