Chapter 1 - Nightmares-part one	2
Chapter 2 - Nightmares-part two	3

1 - Nightmares-part one

The darkness falls,you hear the calls,the cries of lonely pain.You go so near,that it becomes clear,the howl of someones pain.You hear a voice you make a choice not to move away.Your heart skips a beat,cause you start to hear feet,your mind then goes astray.You jolt around,you heard a sound,it riggs you from your dream.You than awake,knowing its fake,so you fall fast asleep.

2 - Nightmares-part two

You hear the cries,you hear the mouns,you hear the screams,you hear the groans.

A shady person comes running by.so fast it hardly caught your eye.

The bloody screams,the painful howls,the spine-twisting foot-footsteps,the wolf-like groals.

The adreneline starts through your veins,you scream,you run,you feel harsh pain.

As though you were being struck,you then wake up,sweating,crying,screaming in fear,but all in all its just a nightmare
