## Fable Fan Fiction

### Chapter 1

One day in Albion the hero was walking through Greatwood after he had gone to pay respect to his mothers grave. When he was ambushed by a hundred bandits. As the hero was killing each one with his Tear of Avo a dark hole was forming with each kill. After all the bandits were defeated the hole that had been growing with each death it was now resembling a culls gate. Then all of a sudden Jack Of Blades had returned from the dead. I have returned hero more powerful then ever and soon your time will be up and with that he disappeared. Stunned that Jack was back the hero teleported straight back to the Heros Guild. Then he walked straight into his sister Theresa who had returned from the east, because she had forseen that Jack had returned she had come to help her brother in this time of darknes. Hello little brother it is good to see you again due to the fact that a great healer had healed her eyes. Then the Guildmaster walked over to the hero and his sister. Ah hero just in time Briar has found out how Jack has come back. It seams that he had a small army of special trained bandits and an ancient object that he hid in your

champion seal that could bring him back if a number of evil souls willingly gave their lifes to bring him back. Afterwards Wisper and Thunder appeared from the warp gate. Thunder was talking to his sister about their homeland. When she stopped dead when she saw the hero.
