idk started:1-8-08 ended:

friday morning sia was woke up by the ringing of her alarm clock. she turned it off and sighed paused 4 a second and hulled her self out of bed . another long day ahead of me. i guess i shouldnt stay ^ so late. she looked out her window and shielded her eyes from the sun. aaaaaa i so dont like the sun why cant it be just night all the time?because said a formiller voice it was her older brother nick who was 17 standing in the doorway. the vampires would get you . ya right .hes been acting very wurd latley she thought.wat did i tell u about knocking .pah i dont have 2 knock do i mom ? her mother was walking down the hallway. you do have 2 give ur sister some privacey she said reluctantly.thank you mother. sia stuck her tong out at her brother. hah she said under her breath . can i plz get dressed for now?!? yes u can swittie he brother and mother let the room and she shut the door . she got dressed trying 2 pick out something she hasnt worn this week then when she finally found something she went and looked in the mirrer.sia was short 4 the 7th grade had bark blue eyes and long blonde hair she washed her face and got dressed she was dressed in a pare of jeans converses and a t- shirt. as soon as she was finished she went into the living room which was messie .right befor they her and her brother left the house her mothe rsaid she was goign 2 stop by the new nabors house and wanted them 2 come they both agreed but they new they would find a way 2 get out of if . on the way 2 school she asked nick why he made that werid comment this morning. he srugrd it off and didnt answer . he droped her off at the school intrence .the first thing she saw was a sign that said anamo middle school. it was old and had gaffitiy all over it. the bell rang she dashed 2 the seventh grade wing .she had technology first block .she was almost la8e but the teacher mr.andrews was evry lieanent on the bell so she took her set at the computer withe her partner alis. she was a nice girl with brown hair and green eyes small structure all around gorgus and she new it .hello alis said sia . hi did u see the new boy at school ? no i havent y ? hes wierd and shy! she said with a slight darkness in tone.i bet said sia half hartly.attentoin class mr. andrews said the asignment 4 2-day is 2 look up the religion of the myans on a new sherch engion.aaaaagggh the class said in unicion.sia was good at tech. but still said it 2 blend in. they got done with the assignment in time and was standing around w8ting 4 the bell.finally after 5 min.s if rang then she went 2 science class next she slowed her pace up a bit when she found her friend anne,anne was taller the sia and had brown curly hair and breen eyes . hi i didnt c u at the fild this morning said. i no i was l8t nick had 2 get gas . when they got 2 class and sat in thier groups she took her seat by annie .hi guys said the laeder of the group which was sara did u see that new kid, he looks strange i think hes from canada.no i herd he was from australia said stacie who was a stocky short girl. oh bother. why dont u just ask him urself i asked. well idk about u but im not going 2 ask him! ` thats for sure said sara.why asked sia . b/c said sara they say he kills people 4 fun. haha why do u pick on people .sara was the type of person who pulled jokes on every 1 .oh sia wont u accept him 4 a killer already! hahahahahaha.. u havent even talked 2 him b4 have u?no i havent . the sound died off when mrss.arrow walks in "good morning class" good morning said the class every one liked mrs.arrow b/c she was funny she could make a mime laugh. she had them look at some bacteria in the microscope. ewwwww said

all the girls as soon as they seen the different types of bacteria moving. me and anne laughed quietly 2 are self at the bacteria they look like fuzzy balls on barb's jacket. barb's an outcast in the school. then the bell rang. mrs. arrow said as every 1 was leaving u have 2 write an essay on how 2 identify the different kinds of bacteria. as the class left me and sara went 2 are next class band. she played the clarinet and i played the trumpet. we sat down by are sections of instruments i sat my breath she was the other trumpet player she was pretty good we started off by tuning we had a finals 4 the state so we had 2 get every thing perfect. so we practiced the piece "the director's march" as always we had 2 wait 4 the flutes 2 find their pitches. mr. dean came out of his office and we were off we had it sounding good but then the worst flute player couldn't get the beat so worked with her in a separate room. while we played by are self we rely didn't need him there but he helps us individually if we needed it but most of the time. we practiced all block then the bell rang we put are instruments up and the stands in the junk room. and me and my friend carsen walked 2 the next class math it was a bummer i despised math agh it was my worst subject. she read the whole class then it was time 4 lunch. i went 2 the rest room with zaina and we walked 2 the lunch room we found the gang and studied their and waited 4 the line 2 get smaller as soon as it did they bought their lunches. every 1 ate except 4 me. i hated lunch it was disgusting. the lunch room was small so we don't have much room so were crunched elbow 2 elbow. as the night mare ended and we were released from the lunch prison, we went outside 2 the big field we go 2 a tree stand around. sara and the others didn't like them much but i had a friend amongst them her name was tabatha she was pretty cool but we don't talk much. we were outside 4 about 15 mins then the bell rang and we went 2 my next class mr. chambers class. i dread every second i walk nearer 2 the door i get mad every time i walk by the teacher he says something about the way i dress he said i dress like a gothic or punk i hate it!~ and he notices it but he still does it i walk in and the class paused (something isn't right) normally isn't it noise before the bell? i whisper 2 sara. she said look i the most faintest voice i looked in the direction she gestured and there stood a boy of about 13 maybe 14. his skin as pale as the full moon on a starry night. bleach blond hair with a silver glimmer to it. he was at mr. chambers desk getting books, he was wearing black straight leg pants with a white shirt and a plain black button shirt that was unbuttoned. when i look his eyes it was like i was in a trance..... it was like i lost track of time all at once..... his eyes were a mist of blue that would take ur breath away if u let it..... they were also full of mystery ....his face was narrow and calm with a hint of sadness like it would never go away.... his lips were blood red like they were stained and they had little cuts in it. when i got done looking at him he gave me the funniest stare like he knew me. his eyes lit up even more and his expression changed into a smile he stepped closer 2 me and i heard sara say under her breath go 2 ur seat before ..... but i didn't catch the rest. his voice was all i could hear. hello he said in a way that made me feel uncertain about if i could trust him. then he took his seat. and the next thing i knew was still standing looking into space, at nothing still in a trance. then i went 2 my seat. i couldn't focus the rest of the day no matter how hard i tried i went 2 6th block still unaware of what happened. then all of a sudden i felt cold air rush past me and when i looked i seen him again.. i couldn't understand why. the air was cold? or was it my imagination it was in the middle of spring! oh well..... just for grt about it. then anne and sara came 2 walk with me and invited me 2 their sleepover saturday. i said sure and turned down the hallway annie stopped and came walking 2 me "why are u skipping again b/c i don't like mrs. pork u know that but u'll fail her class. i don't care anymore. but..... ok bye.. she said with a sigh. the bell rang and i went 2 the library after reading my book i waited 4 the hb (home bell) 2 ring finally it did. then i meet up with sara started walking 2 the preschool 2 meet are parents. we said are good byes and went are separate ways. when we got home nick reminded me of meeting the neighbors and i totally forgot about that oh shoot. mother called me and nick 2 the living room (which was now clean). i'm going 2 the neighbors come on u 2. nick came ^ with an accusation and i had 2 go so we walked 2 the new house. and mother knocked on the door hello? knock knock knock we stood in silence when all of a sudden we heard a bunch of clicking and clanking then the door slowly creaked

open . . their stood the boy from school. pale as ever i was speechless. mother looked surprized then hesitantly said hello .hello he said . where is ur parents ? she asked. oh um well their out shoping . i new right away it was a lie u could tell he was lieing by the look on his face. oh ok well we just wanted 2 stop by and wish u into the naborhood .while she was talking 2 him. i slowly tried 2 turn around and walk away. but mother cougth me .how rude of me this is my darghter sia . hello he said in the same voice he did as school.it sent goosepimples down my arm . well say hello sai. oh um hi . i said back in a small voice.well tell ur parents we stoped by. we both said good bye and left .when we got home i didnt say a word all night . nick asked me how it went . i said ok i think.ok well wat r u doing tomarro? idk i think im invited over 2 saras house for a sleepover . oh u better ask mom if u can go then . oh ya i almost forgot.! nick shut his self in his room . and i went 2 ask mom if i could go .sure u can go. ok ill be in my room . dinner will be ready in a hour . i went in my room and shut the door i called sara she anwered. hello? hi i can come over 2 marro . relly ya ill be over around 9:00am. ok sounds good . ok bye.w8 i wanna talk . ok...wat about ?well why you just standing thier when we where in mr chambers class .ohhh that nothing . where u staring at him? way the boy ...o no not at all. ok u just looked lost or something bye . bye and i hung up the phone. why was i staring at him anyway ? then we ate some dinner i wasnt that hongery so i just excused my self from the table,and went and packed. .i read the half the knight but i wasnt reading i was finding my self drifting in and out of focuse i would be reading a line and some how find myself thinking of that face . then after about 3 hours i drifted 2 sleep.i dreamed i was at saras house and i seen 2 big red blood shot eyes looking over me.then i wokr up witha start the alarm went off . and i jolted out of bed . phew is was only a dream. i got up picked out some cloths and hit the shower. i went in the living room and i ate some breckfust .mom im goign 2 saras house now bye . as i walked out the door i senced someone was following me . but i didnt look behind me . then i felt like wat ever was following me was getting closer. so i quickend my pace 1 almosat a jog.when i got 2 saras house she new something was wrong but i didnt say.we watched tv all and then when it got around the night we put in a scary movie. which was sweeny todd.with jhonnie depp .after a wile sleep finally caught up with us.then all of a sudden i was woke up bye the same dream of the big eyes i couldnt go 2 sleep so i went out side and sat on her back porch swing 4 a wile the all of a sudden i seen a figure in the shadows . i remembered the thing following me when i came.then i looked away .then i went 2 get up 2 go bsck inside but i ran into something it was the tall boy at school. i was sheechless. i was scared and wondering why i couldnt move but i didnt he said hello like he was expected !~ thought u could use come company.i still ddnt move i was grounded in my spot. he said i would like 2 talk if u will let me .i still didnt speak .he finally relized how much he startled me and looked happy that he did .somehow i found my voice and said go away .but i want 2 talk plz its important he said so despirite i said i ok .and sat down. wats ur name i asked ? he paused and said solomon.solomon i repeted under my breath.strangely it sounded fromiller.well my name is.....but he cut me off i no who u are..oh i said .i need ur help. with wat ? well i cant say not yet untill i no .no wat ?at this point i was getting very frustrated.that ur the 1 .iv been looking 4 the person whos like me .but not phisicaly.ok.....? do u have any portickular body markings? why do u need 2 no ?just tell me .fine i have one on my sholder.aahhh wat dose it look 2 u a 's' do u mind if i c ? ummmm kinda. 2 bad .show me .i slid down the sholder of my top and he looked at it 4 a long time .then finally said .wat do u dream about ? im not telling u !~ good night i stood up and went 2 leave.oh no u dont! he grabed .i have 2 finish . i sat down with some hesitation.one last question do i like loking at the sun? no i said i hate it.ah.....good night ill be in touch .w8 i said is that all u came 4 is 2 ask me stupid questions? 4 now yes . good night and he vanished i ran inside and went 2 lie down hopeing id wake up and it would have only been a dream but i never woke up. the next day i left early but insted of walking i had saras mom drive me home . when i go home mom asked me if i wanted 2 go 2 the mall . no i dont feel that good i think im somming down with a cold . i wasnt rely but i didnt want 2 see solomon again. i stayed in bed till nick knocked on my door.wats up mom said u where
