“Universal Admonition”[br]

(Epigram on global warming)[br]

[br]

Why do beams glow ferociously[br]

And the cloudy haze now vanishes enormously,[br]

Even if every soul should bylaw sow a million foliage[br]

We would still be in the wake of schedule,[br]

Then what should our modus operandi be upon earth?[br]

For the fears of our lives on earth and paradise or hell.[br]
