1 - New Job

Namine's Journal

June 11,2006

I just got a new job at a small,cozy,coffee house!^I like it here.The aroma is strong,yes,but other than that,it is quite comfy.There are a couple couches and chairs arranged in a circle around a coffee table thats littered with magazines.Theres a few dim lights hanging on the ceiling,and about half of all the light in the whole shop comes from a tall lamp in the corner 0_o.There's a sign stationed right next to the counter that I have to fill out with the information on our drinks for the week-.-'.Heh,and I get to choose whatever color I want,like,yellow,or pink,or anything bright.Its a sweet job,I think I'm going to like it here.The only thing that bothers me off is that they couldn't fit my whole name,Namine,onto the name tag,so they shortened it to Nami! XPFeh,thats a cool name,I guess.

I had to work again today.There're short on hands,so I'll be working almost every day.Ugh.Oh well,business is sorta slow.I can bring in my sketchbook to pass the time in between costumers.I'll keep a stash of pencils and erasers under the counter =^= That way I won't run out.My mom is telling me to turn out the lights.I guess I'm turning in for the night.

While I was doodling at the counter today,waiting for someone to show,a boy came to the front of the shop and started to examine the signs that we had placed to attract costumers.I adverted my gaze from my sketchbook to him.Wow,he was gorgeous.Blond hair,darker than my own,yet still beautiful,blue eyes like the sea.Like mine.Odd,we had the same hair and eye color.He stuck his hands in his pockets and came out empty-handed.I figured he wasn't coming in today.I focused back to my sketchbook after he left.(And I watched him go,btw)I gasped so loudly and jumped back,knocking over a stack of new magazines we had yet to place.While my mind must've been lost in a sea of dreams,my hand was still skillfully working away.A girl who worked at the shop with me examined my work then asked : "Whos this cutie?" I stuttered,then replied : "No one." No one?No one?! Thats all I could say?He was more than just a 'no one' he was...someone.Oy,thats all you can say about a guy that you watched through a window....I must be going stalker or something.Tomarrow's Thursday.Hard to believe that it was just Monday that I started this job.Sheesh.

I drew most of the day today at work.Nothing really exciting.I was in high hopes for him to come in today,but,that boy never showed up.Ay,he must be waiting for an allowance or something.Dork.He needs to get a job.Maybe here with me?^= Snap out of it Namine,if he's that adorable he's probably got a girlfriend.Sigh,oh well.Well,this Saturday I'm going to the mall with my friends.The usual group,Kairi,Yuna,Olette,and Yuffie.I'm hoping to restock on sketchbooks while I'm there.I'm running

hitting on me....jerk guy person...yeah.X3 He better bring mystery boy with him next time...wait...I COULDA ASKED RIKU FOR M.B.'s NAME!GAHHHHHHH!!!!!!!

June 22,2006

Fudge.FUDGE!He came in today,and all I could say was:"Thank you sir,have a nice day."He stayed in the shop today.I kept gazing at him....but when he looked up,I looked away.When he was about to leave,he walked up to the counter.His name was.....

I don't know.He was about to say something to me,but said 'Nevermind',thanked me,and walked out.But he smiled back and said,:"I hope to see you again,Nami,"

Thats when I fainted.I'm writing at the hospital.My mom brought me my diary and sketch book.He...was there when I woke up,but he left a while ago.Oh gosh...he smiled again.Wow,wow,egggh.He took my hand,and stroked it.I blushed so much."My name's Roxas," he said."I'm Namine,"I replied.He then asked me out...for a movie.Well...my date-OMG MY DATE!!Is tomarrow.I haven't told the girls yet.I hope they'll help me out with the outfit.Oh,heaven above,help me get through this date without fainting....again.

June 23,2006

.....feh...I...went on a date with him!OMG!SQUUUEEEEEEEEEE!Okay,the movie was great.There were a few creepy parts,but he held my hand through them all...lol,we had a great time.We walked there and on the way back.On the way,we were kinda quiet and didn't talk much.Then he asked me about my drawing.That got us talking.It ends up that he skateboards.Cool.He said that he might teach me one day.Wow.....on the way back,though,when it was dark,that was...sweet.I was wearing a sleeveless dress,and got chilly.He put his coat...and arm,around my shoulders.I blushed,and scooted closer to him.

He walked me to my doorstep.No,I didn't get kissed,but oh well.I'm sure I'll be seeing him again,soon.

(A.N.:Short,sweet,simple.Cool.I wanted to do a Namoaxs,AND I wanted to try to do a journal type thingy mabob.X3)
