2 - The true story

Okay, Well I know I already put up a chapter already, but I just had to put this in so my first chapter I hate P.E. I m putting that up later it comes up in another place. Sorry! Well hope you like this!

-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()-----()

Mitsukai has had a hard life ever since she was born. Being born into a royal family she had certain responsibilities that she her self didn t want to follow. Always being chased by assassins and being kid napped you might think that she is very cautious, but no. Once you get to know her she is very out going very nice to those who she thinks really need help. But other wise she keeps to her self. When she was around 8 years old there was a terrible fight between demons and man its self. The very existence was on the line if they didn t win the war in their world and if they lost& well I wouldn t want to go into the details. While the war was going on Mitsukai had been rushed here to earth in the country United States of America state California on the coast of the Pacific Ocean around a mile away from the sea. She hasn t had any luck in making friends except one. A girl named Otome but that was her cousin sort of a long lost one but they were best friends. At age ten Mitsukai received word that there was an attack on her village and that her entire family was killed except her brother Caleb. Mitsukai was well devastated. Like lots of people would be don t you think? Well then a few days later Otome was missing and a couple of people found her sprawled on the floor of a bathroom in a park covered in blood. Apparently the demons that had murdered her family had killed Otome. After both incidents happened she was devastated and after that she never spent times with anyone and kept her beloved brother very, very close she didn t want to lose him like she lost everyone else. To tell you the truth she wasn t very close to her brother either.

When they lived together they were kept apart. In her world there was only one dynasty for each country. You might be thinking how could that be, well here s how. When the first dynasty started at the beginning of dynasties the king and queen wanted to keep the bloodline pure . So they had there son and daughter marry each other and they had to have children. Their children married and their children married and so on and so forth. So Mitsukai and Caleb were destined to marry. Lets go back to the time in the castle. It was in the middle of spring flowers blooming, animals coming out of hibernation it was absolutely wonderful. Sunbeams rained into the castle from the windows creating beautiful colors. You could hear the birds singing, wind blowing through the trees, and voices coming from the courtyard. You can never catch me! Just try I m way faster than you are! a boy yelled oh yeah just watch me! replied another boy. About seven boys were playing tag in the courtyard a great statue in the middle of the first king and queen it was very, very old. The boy stopped running and something caught his eye. In a hall way opening was a girl about one year younger than all of the other boys (all of the boys were the same age). She had long black hair that came up to her mid back, big blue and lilac eyes, lovely soft pale skin and a long black dress that swept the floor just a bit. She had strange bracelets that looked woven with beads and thread, a necklace that looked a little bit like one of the bracelets, an anklet that looked like

the necklace and she had black ribbons in her hair. To tell you the truth she looked like she was going to a funeral

Wow look at her, she s& she s b-b-beautiful said the boy. The small girl just stood there and watched& just watched the boys. Even though they were staring at her. The boy walked over to the girl, the girl was frightened since she didn't or should I say wasn't permitted to go out of her room much she didn't know who lots of the people were except her parents and the maids who were stayed with her at ALL times. The boy kept walking toward her W-w-who are you? the girl asked in curiosity. Bowing My name is Caleb very nice to meet you milady Very nice to meet you Caleb my name is- she was cut off.

Miss what are you doing outside of your room, you know that you must stay in there at all times. Said one of her maids who was enraged Yes ma'am . The maid grabbed her arm and rushed her to her room where she sat her on her bed and locked the door behind her when she left the room. The boys just sat there on the grass in the courtyard wondering what to do after what just happened. Mean while in the castle. Mitsukai's parents were very strict on keeping her away from Caleb, well at least until she was older. That is why she stayed in her room most of her days here in her world as royalty My lords the princess is getting restless we need to do something about this immediately before something dangerous happens then there was a scream a horrifying scream coming from Mitsukai's room hel- the rest was muffled. Oh dear, not again. Said the queen, the maid had already ran upstairs. There was a masked figure in the room he had the princess in his arms he had made her fall asleep. Who are you and what do you want? asked the maid.

That is none of your business I don't have business with you, the princess and the princess only. Apparently telling by the voice it was indeed a man, a young man. The man jumped out the window, which was three stories high You should watch your little princess more he said when he was on the ground. Then he ran off or you could say disappeared some what. The boys wondered what the scream was and asked the maid well the princess has just been kidnapped the third time this week& Uh-oh all of the boys said. Well I better get home the sun's setting see you guys later so one of the boys left home. When he got home he noticed the same girl that was in the hallway at the castle was sitting bound and gagged to a chair by a table. The boy quickly rushed to the girl's side and untied her. What are you doing here? the boy said Well someone took me away from my room and I fell asleep and then I woke up I was here. Thank You so much for helping me I am in your dept. she stood up and bowed. The boy blushed slightly; bowing back thank you princess the princess stopped bowing and said, Where am I anyways? Well said the boy You're at my house, I don't know why you're here but you are so I hope we can get you back! Anyways what is your name you didn't get to say it back at the castle oh, sorry about that well my name is Mitsukai Koishii. And yours? My name is- What did you do?! What father? You aren't suppose to let the princess escape! the man said But why? Because the boy's father started tying Mitsukai back up First we capture the princess like I already have, then we ransom her for one million liliks (money for country Hekron each country has different kind of money) and when we get the money

He had finished tying up the princess We will be RICH and move into a better home for me, you and your brother! I never knew I would say this to you father, but you're absolutely insane! the boy ran to the princess knocking over his father, making him unconscious, and untied her, picked her up and ran out of the house. Oh thank you again so much! And yet I still haven't gotten your name what is it? OH yeah, the boy said huffing my name is Tashi and you're welcome, my dad's well I have NO idea what has gotten into him Well as long as you're here with me to protect me from him then I'm as good as ever Tashi carried Mitsukai, using a magic spell he leapt into a tree and jumped from tree branch to tree

branch and stopped in a small meadow surrounded by trees and covered in beautiful flowers of all sorts of colors reds, blues, oranges and yellows. Wow its absolutely beautiful! Mitsukai exclaimed, Yes, it is I found this place about a year ago when I was wondering the forest- Were you alone? Um. Yes I was But isn t it dangerous to be wondering forests alone? she was concerned Well only at night, unless there s something wrong going on Tashi not noticing it still had the princess in his arms Mitsukai was blushing slightly and he wondered why. When there was rustling in the bushes and some laughter. Who is that? Mitsukai asked, I don t know Getting friendly with the princess now are we? a voiced asked playfully. Caleb and three other boys came out of the shadows underneath the trees and not realizing what he was doing Tashi dropped Mitsukai on the ground ending in a thump uh&no not doing anything&

He looked away blushing Ouch! What was that for? she asked Tashi Sorry about that princess didn t mean to He leaned down and held his hand out, she grabbed it and he helped her up Thank you Tashi, even though you dropped me its alright she dusted herself off. Well Caleb pleased to see you again. Yes milady, pleased to see you again too and what is your name? Oh, yes my name, Its Mitsukai she said bowing. Mitsukai& Caleb whispered to himself I ll be sure to remember that. He paused Ah, yes these are some more of my friends Hitachi he pointed to the right to a boy dirty brown hair with blue eyes slightly tanned skin, and wearing brown pants and a blue short sleeved shirt. And this is Haru now pointing to his left a boy with red hair, blue eyes wearing a red shirt and black pants Pleased to meet you both and you already know my name she bowed with respect. Now Caleb turned to Tashi Now Tashi what were you doing with the princess? I was saving her from the person who took her. Oh really and just who was that? Well you might not believe thing but it was my father. He looked down in some shame Really and are you sure you weren t tied in with him? And just making us believe with your magic. Seriously Tashi we know you re an expert in magic, well almost and expert but you don t need to use it this way Hitachi said Yes Tashi I really thought you were a better person than this. Capturing the princess and blaming it on your father I don t believe it! said Haru B-b-b-but its true Caleb, Hitachi, and Haru. Its all true Tashi saved me and brought me here and we got away from his father he saved me! said Mitsukai

I don t believe it! said Caleb What you believe me?! asked Mitsukai anxiously. Actually no I don t. I don t believe he would actually put you under his magic just to save himself! Mitsukai fell to the floor, she had fainted. And now you make the princess collapse I never should ve trusted you Tashi. You demon you really do stand with your being! Caleb ran to Mitsukai and picked her up and with the two other boys they were off. Tashi just stood there not even believing what just happened his three best friends just turned on him I cant believe this those idiots I don t know which one s bigger my dad or them& he mumbled to himself and walked toward the castle. Once he got close to the castle enough to see the front gate he said Maybe I can visit Mitsukai without getting found out. So Tashi walked to the castle without being found out. He jumped to the windowsill of Mitsukai s window and knocked on the window. Mitsukai was sitting on her bed wondering what would happen to Tashi all she had on her mind was Tashi, Tashi and Tashi! Knock. Knock. Mitsukai went to the window and opened it. Standing there on the windowsill was Tashi. Oh Tashi you re okay! exclaimed Mitsukai. Tashi jumped from the windowsill into her room and gave her a hug. Yes, I am okay why wouldn t I be? Tashi said confused. Well they sent a search party after you she was silent They want your head Tashi! she said in full horror. Then she hugged Tashi and began to cry, It s going to be alright Mitsukai, and they won t find me. Trust me. Tashi said reassuringly though he didn t know of the dangers that lurked in this.

Mitsukai slowly stopped crying while Tashi comforted her. They don t have your father yet but I think

they will soon. Hopefully your father says you have nothing to do with this. If he doesn't she'll find you and kill you. So basically my life depends on my father? Yes, pretty much Mitsukai stated. Tashi then picked Mitsukai up like she was a baby, sat her on her bed and sat next to her. Then there was silence Mitsukai gazed at Tashi while Tashi stared out the window looking at the sunset.

Tashi may I ask a question? Sure, what's your question angel? Tashi replied. Well when we were in the forest and I fainted, I really didn't faint well I did but I could hear everything that was going on. My brother said You demon you really do stand with your being what does that mean Tashi. What did he mean? Tashi's face fell grim he really didn't want to tell her this. Well what your brother said was true. I am a demon he stopped waiting for her reaction. Mitsukai was absolutely stunned she couldn't believe what she was hearing. *Tashi a demon how could that be he looks like a human. Then again his teeth are sharper than most, and his nails are sharper than most, which is very odd.* Mitsukai thought. Tashi? Mitsukai asked quietly Are you telling the truth, you're really a demon? Unfortunately, yes I am a demon. He hung his head thinking *now she's really going to hate me. If I never told her and she found out that would've been very bad so I guess it's good telling her now while our friendship isn't too big.* Without knowing it Mitsukai had sat next to Tashi and she wrapped her arms around him in a loving embrace and she said Tashi, I'll like you demon or not, but what are those earring things?

Oh these things he said pointing at three metal earrings These are limiters. They can't be taken off or, well something very bad would happen let's just keep it as that. Limiters control my demon powers. To tell you the truth I don't know much about them either. Tashi explained. So, which parent is demon? If it's okay to ask Mitsukai inquired Well my mother is demon my father is human no one knows about it well except for you and my family, mother, father, and older brother all of my other family members don't know about it. So it's a big secret. You can't tell anyone! Promise?! I promise I won't tell anyone!

Good Tashi hugged Mitsukai and then tackled her making her lay down on her bed. Hey Tashi! What was that for? Mitsukai question Well you're sure no fun Tashi said What's that's suppose to mean?! She settled down and noticed the sun was setting and was that sunset beautiful! Isn't the sunset beautiful Tashi? she asked Tashi while pointing to it. Yeah it sure is Mitsukai! he stood up and walked toward the window and sat on the sill. Then Mitsukai walked over to Tashi and sat next to him.
