# 1 - Sound

As if the sky is sound...

All my emotions have

Come to cry...

A light in the distance,

Could it save me from sin?

A black forest in the way...

My nightmares have come to reap.

I hear the howls

Approaching now

My fears linger all around

My flaws fall upon me

If only you could know...

But you don't have the gift...

My dreams become reality

As I gaze into what I was.....

Smoke in the gloomy horizon;

Lost memories creep back to me

As what once was returns to be
