## 1 - Words of the Heart

### Words of the heart

Love,

That one simple word was all it took,

To entangle me in your hook,

Hate,

That was destined to be our fate,

I tried to change it,

But u were gone I was too late,

Lust,

I did every little thing I could,

Yet did you care,

No, I new you never would,

Pain,

You never knew the meaning,

At least tell me,

Did u see me eternal bleeding,

Forgiveness,

U tore at my skin,

Then said u loved me,

But I knew it wasn't true,

And yet I still forgave your sin,

Lies,

You looked at each other without a care,

Even if you knew I was there,

Then said it was nothing,

But it was a lie,

Then I sat in the dark and cried,

Death,

I looked at the dagger,

And decided it was best,

With each painful stab it made me madder,

But what made it better was the end

And my bloody death
