Chapter 1 - a dream

1 - a dream

i dream about you every night
i dream about us and what we could have
it feels so real
your hugs
your kisses
your way of loving me
soon enough i have to wake up
it is then i realize it was only a dream
i am happy as i dream
sad as i awake
i cherish that one moment that i dream of us
because i know thats the closest i'll evr be to feel your arms around me,
or your eyes looking at me with so much love
my dreams are the only way we could ever be
i love you so, you just cant imagine how much i do
i love you more each and every day
and i hope that one day my dream will one day come true
