as the two friends walke on they soon arrived on a beach full of in-training digimon "wow there are loads of digimon here" gina said she was quite shocked at how may digimon there were "well lets get a move on" said leopardmon along the way they met another tamer with two digimon "who are you " said jordan " im kadie "said the girl "nice to meet you " said gina " im gina "im jordan " im masheedramon " imleopardmon " hi guys "kadie said these are my digimon wolfdramon and rebeldramon " hi " the others said leopardmon and rebeldramon looked into eachothers eyes smiled and waved they blushed slightly as they did then there was trouble the ground began to shake the digimon screamed and ran but the tamers stayed with there digimon just then a huge digimon emerged from the ground " wow" gina cried "what is that" "its crawdramon" said masheedramon the crawdramon was a lobster type digimon only it was huge had two monstrous feet to move around and the rest of its body was covered with a spikey drill shaped shell it also had lots of tentacle the other digimon hid behind the tamers all shivering in fear "lets go guys "said rebeldramon " shall we "said masheedramon "lets " said wolfdramon

"GIGA FIST " yowled leopardmon as he charged energy up around his fist and hit crawdramon with huge force

"CLAW BUSTER" yelled masheedramon striking the crawdramon and electricuting it

"STATIC TAIL" screeched rebeldramon zapping the crawdramon by shooting lightningg from her tail

"WOLF PAW" shouted wolfdramon attacking the enemy with speed and force

although they attack powerfully it didnt do much then the crawdramon reached out with one tentacle at the tamers the tamers ran as the tentacle stretched after them unfortunately it got hold of jordan squeezing him jordan couldnt move his arms or legs as the digimon attack crawdramon squeezed harder "gah stop it guys " but we must do something " said gina panicking " no jordan hold on were partners im not letting this happen " said leopardmon then leopardmon started to glow then jordan's digivice glowed too "is he digivolving " said gina " i am " said leopardmon then he started to grow and yelled " LEOPARDMON DIGIVOLVE TO "then changing bigger and bigger "SABERLEOPARDMON" he was now a huge saber toothed leopard digimon " wow " said kadie shocked it was the first time any of them had seen a digimon digivole " SABER CLAW " yelled saber leopardmon striking the crawdramon so hard that it dropped jordan and got deleted but now jordan was falling the two girls ran towards him and cught him just in tim " thanks " jordan said leopardmon changed back to his original form everyone cheered as the gang set off once more
