Chapter 1 - Solitary rain

2

1 - Solitary rain

Walking under the solitary rain

She was thinking about her pain

Those people around her

Were there to hurt her

They stabbed her in the back

Leaving her alone to die

They weren't worth her trust

They weren't worth her friendship

They weren't worth anything

Just dust, only dust

She turned around to seek for friends

But found nothing but fiend

She was walking under the solitary rain

Thinking about her pain

Her heart was bleeding

She tried to reach her slight bit of hope left

But found nothing but death

She looked behind and saw rain

She looked at her right and saw shadow

At her left were even more

There was only in front of her

Where death was laying

Her feet moved in its direction

It was cold and sad, like the solitary rain

She felt it in her heart and smiled to herself

It was raining again

Finally no more pain, tears falling from her cheeks

Then after taking a last and final breath

Death took her away

And she fainted to never be heard about ever again

Like the solitary rain
