# 1 - The Beginning to the end of the Beginning

Over time, the inhabitants of the planet were gradually destroying the Earth's environment and atmosphere. They did not realize this destruction until it was too late. And so, knowing that their home was far beyond repair, they set out to relocate themselves on another planet. Aboard the ship that carried them to their new destination, there was a woman and twin boys, their names: Rem Saverem, Vash, and Knives. Rem, practically raising the boys as her very own children, taught the brothers great morals for living. She put much emphasis on the moral that "no one has the right to take the life of another."

It was by these words that Vash has lived his life by until this day...

Late one afternoon, a man in a raggedy looking gray cloak walked into town. He walked into the nearest bar and ordered a drink. There were two men sitting at a table behind him. They were speaking of an outlaw wanted for \$60 billion.

Man 1: "Hey did you hear about that guy who destroyed the town of July?"

The man in the cloak \*raised a brow\*.

Man 2: "Yeah, that guy with the \$60 billion on his head."

Man 1 \*leans in closer\*: "They call him the Humanoid Typhoon. Tons of bounty hunters are after him!"

Man 2 \*gets wide eyed\*: "Are they crazy?! I wouldn't go after him for all the money on this God forsaken desert planet."

Man 1: "Ya got that right!"

All of a sudden a bullet grazed right by the man in the cloaks ear. He put down his drink on the bar counter, stood up and turned around, finding himself in front of a band of bounty hunters. The two men that were sitting at the table stood up quickly and ran out of the saloon. The man in the front and center of the group, appearing to be the leader, gave a smirk.

Leader: "I finally found you, Vash the Stampede."

Just then, a gust of wind picked up and blew off the man's cloak to reveal a long red coat. The man had spiky, golden blonde hair, yellow sunglasses, and an intense look on his face.

Leader: "Why dont you just surrender now and save us all the time and ammo?"

There was silence \*crickets\*. He raised an eyebrow and looked at his minions.

They looked at him and all said ::"ooooohhhhhh":: then they all began to laugh at his so called joke. He motioned them to stop.

Leader: "You just gonna stand there, Vash the Stampede? If so, it will make our reward much easier to obtain."

The man stood there. He pushed his sunglasses up with his left index finger; his right hand was at his side.

Leader: "Fine then! Get 'im boys!"

The group began to fire their rifles, handguns, and machine guns.

Leader: "You see what happens when you piss me off!"

The gunfire continued until every last one was out of ammunition. The machine gun stopped its rotating \*clink\*. In the smoke, there stood a dark figure. When it cleared, the man in the red coat appeared. Everyone stepped back and gasped.

Leader: "H-H-How the hell did you-"

He was so shocked he could barely speak. The man then pulled out a silver pistol from its holster. He pointed it at the group of men, and fired. Many of the men tried to dodge the bullets, but ended up getting hurt even more when they did.

Minion: "OW! Boss he got me!"

He was moaning with great pain in his voice. The leader looked around for a wound, but only found a bruise on the lower left abdomen. He looked at the man lying on the ground and smacked him.

Leader: "Oh stop being such a wuss! They're only rubber bullets!"

The minion opened his eye.

Minion: "Oh, heh heh."

He looked at the man in the red coat. The man in the red coat gave a big, dumb smile. He slid his foot to the right and began to run.

Leader: "After him!"

And with that a chase commenced.

## 5 - The Beauty and the Chase

The man ran until he couldn't see the bounty hunters anymore. He stopped and tried to catch his breath. He then saw a donut shop.

Man \*gasps\* and runs over to the shop. He began to eat when a bullet hit the donut, causing it to fall to the sandy ground.

"Where did they get more bullets?", the man thought to himself.

He shrugged and began to run once more. He kept being bombarded by bullets and he ended up hopping, leaping, and jumping more than running. He barged right into a nearby door to escape the barrage of bullets. Inside the room, there was a young woman. She looked up from a book she was reading and looked in the man's eyes. She had long flowing light brown hair, hazel eyes, and was wearing a long tannish trench coat, a green shirt, and jeans. She appeared to be around 24 years old.

The man smiled and raising his hand said: "Heh...uh...Hi."

A shot was fired through the door and the man screamed and ducked. He sounded just like a 5-year-old girl.

He said: "I suggest you get out of here before you get hurt."

She was reluctant to stand because of the state of shock she was in. The man sighed then picked her up and ran out the back door to an alley. When she finally came to her senses, she looked up at the man and smacked him. She demanded to be let down immediately.

The man, on the ground holding his face and crying, said: "Well I'm sorry for trying to help you lady, please by all means GET SHOT NEXT TIME!"

The girl looked at him, stuck her nose in the air, and began to walk to the other side of the alley.

Then a few men appeared at the end of the alley and yelled: "HE'S OVER HERE!"

The girl grew wide eyed and ran the other way. The man stood up, shrieked, and ran next to her.

Girl: "What the hell did you get me in to?!"

Man: "ME?! Lady that was all you!"

Girl: "WHAT?!" \*she said as she stopped suddenly looking at him.\*

Bullets started to fire so she began to run again. They found refuge in an abandoned house. They sat below the window, unable to be seen. The girl stared at the man. He looked back at her after he scoped out the window for the bounty hunters.

Man \*looked over at her\*: "What?" \*he said raising his brow.\*

Girl: "Uh...oh...its...its nothing." She thought she recognized him. "Why are they after you?"

Man: "I dunno, they were bored I guess." \*He said as he shrugged.\*

Girl: "What's your name anyway?"

Man: "Why?" \*he said continuing to look out the window.\*

Girl: "I would like to know who Im risking my life with, and who Im mad at at the current moment."

Man \*looking away from the window at her said\*: "My name is....Vash."

Girl: "Vash?" she knew she recognized his name but didn't know where from. She \*looked up surprised\*, "Vash The Stampede?! I knew I recognized you! That must be why those men are after you, for the \$60 billion reward!"

Vash: "Thats a possibility. Whats your name?"

Girl: "It's Yuki...Yuki Akechi."

Vash: "Well its a pleasure to meet you Yuki." \*He said with little interest while staring out window.\* "I think the coast is clear."

Yuki nodded and they both left the house. They saw no sign of the bounty hunters.

Vash: "I am sorry, but they have seen you and they know you were with me. If they were to find you again, they might kill you trying to find out where I am."

Yuki: "What are you trying to say?"

Vash: "Well Im trying to say that you need to leave this town."

Yuki: "WHAT?!" \*she went wide eyed\*, "I cant just up and leave!"

Vash: "You have to understand. They will kill you!"

Yuki \*nodded\*: "I understand." \*She said with a low voice. She looked down.\*

Vash \*looked at her with sadness in his eyes.\*

Yuki: "But I have nowhere to go."

Vash: "I would suggest you go with me, but that would be way too danger-"

Yuki \*cut him off\*: "Well then where the hell am I supposed to go, huh? You got me into this."

Vash: "I know." \*he said as he looked at her.\* "Im sorry."

Yuki: "Yeah, you better be." \*She said crossing her arms.\*

Vash \*sighed\*: "Fine, you can stay with me until we find you a place to live...deal?"

Yuki \*nodded\*: "Fine, that sounds good to me."

And with that, Yuki and Vash set out on their own journey. What things will they encounter? What trouble will they get into together? Who will they meet? Who knows? I know I don't! ^\_^
