Chapter 1 - Life is a effing mess!

1 - Life is a effing mess!

When did life become a mess
everyone is in distress.
War,death,terrorists,
what the hell is wrong with us?
Killings done by kids my age,
all in spite of useless rage.
Soldiers die every day,
to protect our lives and our country.
Higher prices, Lower wage,
these things are withering our lives away.
Kids killing themselves when their pain and rage take over their lives,
and we make fun of them in their final days.
We watch the terror on the news,
but we have better things to do than worry about our lives, our fates,
we would rather watch T.V. all day!
I'm SICK of people lying around,
while their lives are crumbling down!
What happened to the days when we dared,
to think about someone other than ourselves,
we cared about that guy over there,
homeless, hungry and on his death bed!
I guess it's how we are today,
full of violence, full of rage,
so I'll forget it and watch T.V. all day.
