1 - Clode

Info:[br]

Name: Clode [br]

Powers: Yin Yang it just mean's that he can turn in to a monster his eye's go black and he kill's any one or anything that's around him so that's his yang side and his yin side is when his eye's turn to white and light come off him it only work's when he's really mad like one of his friend's die in a fight he'll turn in to that but when his eye's go black watch out for him he will try to kill you.[br]

Age: 29 (Made at 28.)[br]

B-day: December 12th[br]

Nick Name: Clodely, [br]

Drivers License: Has one but is not a good driver.[br]

Race: White/Russian[br]

Weapon: Auto-mail can be turned in to a knives like Ed from Fullmetal alchemist but this was has nothing to do with FMA at all.[br]

Family: None.[br]

Species: Human[br]

Gender: Male[br]

Job/Former Job: He use/still trains people.[br]

Living Sate: lives with, my OC uncle Shawn.[br]

Quote: "Brat"~ Clode.[br]

Pairing: Shawn X Clode.[br]

[br]

My notes on him:[br]

-He was one of the first OC's I ever made.[br]

-He's really nice when you get to no him when he's happy he smiles like a anime cat in real life it'd look like he's smirking.[br]

-He's best friends with Shawn. (And more.)[br]

=He's really dense.[br]

=He use to train people his training move's where really odd and cruel people died doing them. (He lost his own arm doing his OWN training.)[br]

=Has a really strong Russian accent so it's kind of hard to tell what he's saying but he sounds cool when he talks.[br]

=He's scared of needles.[br]

[br]

Body Info:[br]

= He has green eye's but turn black when he goes yang and white when he's yin.[br]

= He wares long earring's[br]

= He has blond hair and really spiked hair that goes right like a Roxas*from KH) but way more spiked.[br]

= He has some scars on him. And he lost his arm, which is now auto-male and has an eye patch.[br]

=Suffers from nightmares.[br]

[br]

His Past: Let me start from the start. Clode use and still trains people one of the people he trained was a boy named Tony, with whom he became friends with. Sometime past he meant a woman named Songo. They fell in love. But more time passed and his friend Tony died at a young age with most of his family. He lost his arm doing his own training. Songo died after words when they tried to leave they're world that was falling apart in war. He was the last one out of his friends that lived threw it all. He's lost many things in his life. But ever sense he meant me all those pieces came back little by little, Its save to say he's not a sad man that lives in the past but ever sense he was younger to now not one thing has changed—maybe something's have. He found a new love in Shawn, new friends, and a whole new life.[br]

=Also he was kicked out of org13 he wasn't around the 6 main nobody's who were turned in to nobody's by lab (more info on that in kh2 game) but he was also kicked out for not being a nobody and for trying to kill xemnas/turning him in to a monster. While with mickey he fooled mickey in tricking him that he was a somebody to turn the world in to good while he had his back turn he tryed to kill mickey as well.[br]

=Some year's came and me and my friend kitix killed him once then me and other firend's killed him

again again and again he was so power hungry he try'd to take my power's of light but somehow he's good again? Why??[br]

=His real name is warth he never but a 'x' in it he just took someone else's name and put a x in that name it could have been anyone's name but his somebody's name is warth as well but who's the good one the somebody? or the heartless?[br]

=Later on him and Leo started getting back together...That was my fault I knew warth was evil and i didn't trust him or even liked him but...Leo trusted him and that was good enough for me. But after Warth beat up Leo and almost killed him...I'll never trust him again.[br]

For Darco it was thinking about his past if he remembered something really bad then it'll set off we fixed him with light and my friend Kitix helped to After that he joined my OC 'family' gang, thing. (Whatever you want to call it.) he became my first OC(Computer wise.) cause I kind of forgot about Clode and Renox was meant to be evil so yeah that changed but anyway that's darcos past he hates to talk about it he never wants to go back to his old world. Darco tried to live with me but I kicked him out told him to finish school and helped him on his feet. Now he is going to school and working.[br]
