Chapter 1 - a calling	2
Chapter 2 - the next morning	3
Chapter 3 - the next morning	4

1 - a calling

as the night grows near
and my shadow grows tall
and I stand here
for no reason at all

I take a breath of fresh air
and i start to daze
I fall to where
the cows once grazed

I lay and a rain drop falls into my eye
as do the stars appear in the sky
it was as if a blessing from the sky
as if telling me to cry

so I cry for the blessing in the sky
now I think i know why
as i think of her well
i say "If I could see her it sure would be swell".

2 - the next morning

I wake where i had fallen
but I do not know where I am
I feel lonesome and shortend
like some old holiday ham

I start walking down the road
Not knowing where I am going
Then i suddenly stop
To see a woman

It was as if she was waiting for somone or somthing
so I go and ask her "excuse me miss are u waiting for somone?"
she smiles and gives me a kiss on the cheek

I am surprised but then I relize
that she was the woman from the calling
so I kiss her back
It is as if we know eachother

but not from where so we talk and try to find out
but nothing sparks in are minds so we just drop it and become close friends
