1 - The underground

One day a boy named Sly was walking through the forest and he found a ruin. he had never seen it before. He did go off his usual trail though. He went inside and saw a trapdoor. So he looked for a hidden key or something useful to get in. He searched every where and didn't find anything. He remembered how to pick locks! He picked the lock for what seemed like hours. He saw an old ladder down the trap door and was'nt shure about climbing down.
