Chapter 1 - deppresion

2

1 - deppression

Depression

The ever falling pain

That you feel when all goes

Wrong

No matter how you try

To chain it in

To prevent it from coming

It does anyway

Breaks loose and all

You can do is

To release it in the form

Of tears

Or anger

Crouched by yourself

In a lonely corner

Or over reacting

Screaming over small

Insignificant things

Want to be to yourself

But wish

Others would come

Depression itself

Playing tricks in your mind

Sometimes plays so hard

Some can't stand it no more

Take any course out

Kill themselves to kill it

Causing more depression

In others

It moving from

One to another

Not stopping soon

But will keep filling peoples

hearts and devouring

their will to keep

going

so they don't

they lock up

in heart, mind

it's just them

and depression

nothing can change it

quiet, unmovable at times

feelings stale

to them time stops

but all around

is really moving

and after enough passes

and no change occurs

all give up

except those who were truly

close

then get morphed into

Depression as well
