Just a song about hopelessness and insanity. Comment if you wish.

Chapter 1 - The Promise

2

1 - The Promise

This is the end of the line
The glass is half-empty
My time is up
There's no place for me now
Can't turn back time
No past to go back too
It's all a lie

The facade is cracking
My true face showing through
Please turn away
I'm too hopeless to save
And to fake to give a damn

But I can't disappear
I've stopped myself with a promise
A promise to you
A promise to me

Except you don't exist
Only an omen in a dream
A once-pure image I called friend
Now I call fear

Haunting me is what you love
Chipping away at my facade
While the whole world stares
And watches me
Fall apart

But I can't disappear
I've stopped myself with a promise
A promise to you
A promise to me

But everything is going wrong for me
My morals are fading
My values are vanishing
Promises are breaking
And I can't save myself this time

This promise I've made to you

Is now worthless
fracking worthless
You never existed
And I'm just as dead as you are
I'm so far gone now
How can you even look at me anymore
With that same look in your eyes
As I fall
As I fall down
And as I fall further
You'll see
You'll see my damnation

And I will disappear
The promise is broken
This promise to you
This promise to me
Is gone
