**Chapter 1 - sai**

**2**

## 1 - sai

first let me explain about myself and some of the people around me. my name is sai i'm 15 years old and have black hair, blue eyes and am considered tall, clever and fast. my brother mark is 17 he has black hair also, but green eyes and is also tall but strong and sensible. then there is jack who is basically family. altho he is fairly weird. he has red hair and brown eyes he is fairly short but also a sort of coward. he is 17 also. but i must begin the story because like mark always said if i tell a story about an egg i start talking about when his grandmother was an egg. okay i raced down the cobble stone walk way just outside the museum and almost slipped. the fat rich men who ran the museum came charging after me because there was not enough time to call the guards. lucky for me the men were none too bright thusly the one riding his horse out back actually got off his horse to pursue me on foot rather than going after me on horse back. i ran as fast as i could through the rose bushes cutting me several times but the one on my cheek hurt most. i heard the leather on my sandal rip and slide off. it would be harder to run with uneven feet. so at the risk of losing a few seconds i pulled off the other one and kept running. it hurt to run on the hard and pointy rocks on the sidewalk but at the risk of stepping on horse poo i would rather hurt my feet. i dove past a corner and into an alley there at the dead end i climbed on a large box and pulled myself up over the wall. then holding on to a fire escape i swung into a window on the second floor. mark and jack were sitting on a beaten up chair smirking. we made a bet to see who could come home earlier and i lost so i had to go shopping for food for a whole week. which doesn't sound that bad except that there was a carnival next week and getting through those mobs of people was basically impossible. fine i need a new pair of shoes anyway.

if you like the first chapter than i will write more ^\_^ it probably sucks cuz it the first story i wrote outside of school and excuse the bad spelling. ;D
