## 1 - At Tsunade's office.

It was just another day, the sun rose high above the mountains. Tsunade smirked at the annoying wake up call. She had been having a very good dream. Then Shizune reamarked,

"I can see you're still as lazy as ever"

"Keep your civil tongue short, I am the hokage anyway"

The servant girl just smirked and went on her way, her mistress needed some time to cool her head down. She knew she had to behave herself if she still wanted to stay alive. Then the girl called out,

"The other Kages are going over to this office at 10:00 am sharp"

"What the? Why didn't you tell me sooner?"

The blond jumped up and started to straighten up her office, she didn't want to embarass her village to the other Kages. She was the first female leader and she didn't want to make female the weaker gender.
