# 1 - Black Dooms Revenge

Crystal smiled and giggled along with her friends as she stuffed some potato into her mouth.

It was dinner on the space colony ARK and Crystal was eager to finish her dinner so she could play with Shadow and Maria.

Professor Gerald pushed his plate away and got up "Everyone I have an important announcement to make".

Crystal looked nervously at Shadow and Maria who shot the same nervous glance back.

Gerald smiled at them reassuring that everything was fine. "It appears that GUN has finally realized that were using our knowlege for good not evil. "Soo..... from now on you three can play safely without having to worry about any danger".

Crystal and Maria squealed happily and hugged tightly. Shadow beamed.

Maria rushed over and threw her arms around Gerald. "Grandfather, thats wonderful" she squeaked.

Gerald smiled. "It is isn't it". "Now I can continue my reaserch without having to worry about anyone dying on here anymore".

Maria's smile disapeared she shuddered remembering that terrible time when she was shot.

Crystal smiled. "So all our worrys are gone thats simply great! "Can Maria and Shiu Shiu and I go play now?"

Crystal's father smiled. "I suppose so".

Gerald's smiled disapeared he eyed the both worried. "Just please be careful GUN may be gone but you never knnow when those expeirements will break out of their pods again".

Shadow sortoff smiled. "Oh don't worry I'm sure we will be fine.

Crystal had a huge smile on her face she grabbed Shadow's arm and dragged him out of the room. "Ohdon'tworrywewillbefinethanksseeya! And with that all three of them were gone.

Shadow ,Maria, and Crystal walked the halls of the ARK. Shadow yawned "what are we gonna do for fun I can't think of anything good."

Crystal shrugged then all of a sudden her eyes lit up. "I know what!."

Crystal spun around in the air blue ribbons chasing after her as she spun. Blue pearl like earrings

appeared on her ears, then her sneakers glowed and turned into frilly blue witch shoes. Her pink flowered dress turned into a lounging light blue gown with a snowflake belt. A white rimmed blue witch hat appeared on her head. Last popped out two bright white angel wings.

Crystal giggled excitedly. She smiled teasingly at Shadow "what do you say to breaking the law of gravity huh Shiu Shiu"?

Shadow's eyes shrunk down to tiny dots. "nuh nuh NO!" "Flying is to freaky!"

Maria giggled "I think it's a great idea lets do it Crystal!"

Crystal winked at Maria then shot a blue light of energy at the ground.

In seconds all three of them were floating in the air Maria squealed with glee Shadow just held his hands over his eyes trembling with fright.

Crystal laughed at Shadow. "You're such a scaredy cat Shiu Shiu".

Both Maria and Crystal were having a good time when suddenly a huge ray of purple light shot at Maria's back. Maria screamed and flew forwards into the wall.

"MARIA!!" Shadow and Crystal screamed.

Crystal heard cackling behind her and spun around only to shrink back in horror at the sight of Black doom's hateful face.

"Black doom!!" Hissed Shadow.

Black Doom laughed. "Perhaps those pathetic humans are off your back but you still have me to deal with!"

Shadow glared at Black doom with hatred. "You WILL pay for this Black doom!"

Black doom only laughed. "Oh is that a threat Shadow?"

Crystal seething powered up a huge ice blast shooting at Black doom's eyes. Black doom shot his arm up and caught the blow like a baseball then he crushed it.

Crystal's mouth dropped open a mile. "H h h how did you..." she sputtered.

Black doom grinned evilly. "perhaps you will find me much stronger much MUCH stronger".

Shadow's eyes blazed. "I don't care how much stronger you are I'm still gonna beat you!!!" He screamed.

Shadow latched around Black doom's head and punched him in the face.

Black doom didn't stagger or moan or anything it didn't even effect him!

Black doom laughed. "You think this is strong?" "Just wait and see what I have planned for you". All of a sudden Black doom started to change his pirate ship shaped head grew long sharp rasers sticking out of his cheeks. His long black robe turned to tentacles with sprouted out of every which way out of where his legs used to be. His eyes turned silver and his whole body was on fire. To top that off he was twice his original size.

Shadow Crystal, and Maria shrunk back in hororr.

Shadow gained enough courage and latched around Black doom's head again pounding his face in.

Black doom just threw Shadow off him and into the wall.

Shadow was persistent and continuesly got up and fought only to be thrown back down again.

After an hour and a half he and Crystal were still fighting Black doom. Shadow was panting loudly and his speed was slowing down he continuesly tried his homming attack and spinball but nothing worked.

Crystal started to charge a magic ice ball attack at Black doom but it shrunk to nothing and colapsed exhausted.

Shadow latched around Black doom's neck again and punched his face in as hard as he could.

Black doom pluck him off his head as if he was no heavier than a feather. He hurled Shadow as hard as he could and Shadow went sliding across the floor. Only this time he didn't get up but just lay there.

Black doom cackled with glee. " Just who is the ultimate lifeform now Shadow?"

Shadow sat up weakly. He couldn't do it he couldn't beat him no matter how hard he tried. Black doom continued laughing and Shadow just sat there. The feeling of defeat and pain of losing Crystal and Maria again because he couldn't protect them was to unbearibble and overwhelming for him to handle he burst into tears. He sat there crying hard into his hands he whole body shook violently with choked sobs.

When Shadow did that Crystal got down and hugged him she could feel his body tossing with sobs as she hugged him.

Black doom grinned evily. "Awww poor Shadow finally defeated". Black Doom started charging at them.

Shadow's eyes grew wide through his tears. "We have to get out of here!" He scooped Crystal up with one hand and grabbed Marias hand with the other.

All three of them ran through the whole maze of the ARK.

Crystal Shadow and Maria were running so fast they didn't seem to notice the dead end if front of them

Shadow's feet screeched to a halt and the three of them started turning around but gave a terrified scream when they saw Black doom was closing in on them. They were cornered!

Black doom eyed Shadow with pure hatred "this is the end to ALL of you"!

Shadow Crystal and Maria trembled in fright backing in closer to the corner hugging each other terrified.

Black doom held up his hand the room filled with a blinding light and a blood curdling scream split the air.

Well thats all I remember form my dream pretty freaky huh..... > \_ <

## 2 - The Alien Invasion

An ear peircing screech split the air and when the light faded Shadow saw Crystal and Maria lying down unconcious on the ground.

"CRISSY MARIA"!!!!!! He screamed.

Black Doom cackled again. "Just who do you have to protect you now Shadow? "Now is when I settle my score with you..... "but first I think I'll get rid of your pathetic family first"!

Black doom thrusted attacks at Shadow. His ennergy balls of fire pushed Shadow into the wall as he held his arms out protecting the girls.

"I'm NOT gonna let you hurt my family no matter what you do to me"!!!!!!! He screamed.

Black doom smiled evily "you have no choice sooner or later you won't be able to hold off much longer on the attacks".

Shadow grimaced he was already getting weaker by the moment.

Black doom laughed evily. "GIVE UP SHADOW"!! "You can't save them your just a punny weak little hedgehog".

At that moment Shadow that never felt for hatred in his whole entire life. He started to change. His eyes turned a yellowish red with no pupils. His furry quilts turned deadly sharp and he had long sharp fangs. Last his tears which had now turned a burning acidy green were falling on the ground and turning into orangish yellow flames.

He spoke in a dark booming voice "You will NEVER harm my family again BLACK DOOM"!!! " Youv'e taken far to many family members away from me and I'm gonna make you pay"!!!!

For a breif moment it looked liked Black doom seemed afraid of Shadow but changed his mind. " YOU don't scare me I'm far more powerful than you and so are my minions"!!

Shadow felt so upset and defeated he had absolutely no energy left to even run. A few more of his tears fell on Maria's face just as she was waking up.

Maria flickered her eyelids open and weakly got up. The tear felt really hot on her face and she wiped it off.

Crystal was waking up too and looked over at Maria. Maria leaned over and whispered into Crystal's ear. "Flammable tears I didn't think that could happen".

Crystal tried to get up her knees felt like noodles and she collapsed into Maria's arms.

Shadow gave a short glance at them and continued staring menacingly at Black doom.

Black doom gave a little yawn. "Destroying the ARK is going to be too easy". He snapped his fingers and at least 50 black aliens fell all the size of him.

Shadow, Crystal and Maria's faces grew deadly pale.

The black aliens gave a long roar and stomped every which way through the ARK. The next thing all three of the friends knew they heard familiar screams echoing throughout the hallways.

"GRANDFATHER"! Screamed Maria.

"DADDY"! Screamed Crystal.

From inside Crystal's room they heard a high pitch squeal.

"SHEERAH"! "NO" Crystal sobbed

Shadow took one glance at Black doom and another at the girls. He quickly scooped up Crystal in his arms and ran through the ARK. All three of them had to clamp their hands over their ears to keep out the earsplitting sounds of shrieks from all the researchers throughout the ARK.

Shadow reached the dining room and threw open the door. He saw a black alien dragging away Gerald who lay his head limply in the alien's arms.

"PUT HIM DOWN"! Screamed Shadow. "YOU PUT HIM DOWN RIGHT NOW"!!!!!!

The black alien gave a terrified yelp and scampered out of the room.

Shadow ran over to Gerald. "PROFESSOR"!

Gerald weakly opened his eyes. "y....y...you three you must get out before it's too late...."

Shadow stubbornly shook his head "NO!" "we have to protect our home" "professor"? "PROFESSOR?!"

Professor Gerald lay there motionless not even the smallest breathe coming from his mouth.

The three friends continued running through the ARK tears flying from their eyes as they ran.

Shadow clutched Maria's hand so tightly it turned white.

He continued running north and his feet screeched to a halt when he saw an alien towering over him he tried running the other way but another alien was coming at him from that way too.

Shadow took a great leap in the air causing the aliens to hit heads with numbing force. The two aliens' eyeballs rolled in their sockets and they collapsed unconscious.

Shadow landed on the ground the wrong way and a shooting pain shot up both his legs but yet he didn't stop even though his feet were throbbing badly.

He continued running as fast as he could through the hallways but was stopped as another alien grinned evilly down at him.

"What are we gonna do"? Sobbed Crystal. "The aliens are invading the ARK.

Shadow bit his lip. "I don't know but I have a feeling we are NOT gonna win this time".

Bwahaaaaaa i leave you hanging on a cliffie again how do u like it so far? comment plez!!!!

### 3 - Maria kidnapped!!

Shadow ran as fast as he could panting loudly. He was so tired he didn't think he'd make it to the next floor.

"I .....I...I m must protect them no matter what the cost is" he mumbled. "I made a promise that I intend to keep"!!

Crystal's eyes flooded with tears. "Shadow.... STOP! "Your pushing yourself to hard"!

"I..I don't care Shadow Breathed.

Crystal clutched on to him tightly. She heard the heavy stomping of the aliens of the aliens close by.

Maria who hadn't said a word since when they found Gerald finally blurted out. "I have to get back to grandfather"!

She wriggled herself out of Shadows heavy grasp and took off down the hallways.

"MARIA GET BACK HERE RIGHT NOW"! Shadow screamed.

He ran through the hallways after her.

As he ran he heard a terrified shriek and then a booming voice.

"Well well what do we have here"? Hissed Black Doom. "Seperated from the others are we"?

"MARIA MARIA"! " gah you stupid girl"!!!!!!!!!! Shadow growled.

"Leave me alone Doom"! "I just want to get to my grandfather" Maria said as bravely as she could manage.

"Awwww but I'm afrain your pappy is long gone now girly". He cooed evily.

Shadow and Crystal could here Black doom and Maria all through the ARK.

Shadow continued panting loudly as he tried to run as fast as he could.

"Shadow" Crystal began " Wait your... but her words trailed off as Shadow slipped on the tiles and fell roughly to the ground. He tried to get up but was far to weak to even move.

" I.....I can't do it Crissy..... "I told you not to push yourself to hard back there"! Crystal interupted.

"Oh shutup!" Shadow snapped.

Crystal's eyes filled with tears.

"S..sorry" Shadow mumbled. "Do you have anything we can use to fly on or something"?

"No I" Crystal began. Her eyes lit up "Wait yes I do"!

Crystal jumped up in the air and with a snap of her fingers she fell onto a dark blue handled broomstick with light blue bristles.

Shadow climbed on. He glared at her angrily. "Why didn't you think of this before?" he growled.

Crystal gave a nervous smile. " S sorry it sortof slipped my mind I guess". She stopped and peered down to the ground. "Hold on tight Shiu Shiu knowing you you WILL get airsick"!

Crystal hovered above the hallways searching everywhich way as she flew.

Thats when both her and Shadow noticed something. They didn't hear Black doom or Maria anymore, and what was even stranger was all the aliens were gone.

Shadow and Crystal opened their eyes wide in hororr as they both thought of the same thing at the same time.

Tears rappidly streamed down their cheeks like raindrops on a window pane as the horrible thought came to mind of what couldv'e happened to Maria

Crystal flew even faster throughout the ARK frantically searcching every corner of the rooms, but it was no use there wasn't a trace of the black aliens anywhere.

Black doom and his army was gone.... but so was Maria.
