# 1 - Last Night in Caelin

"Last Night in Caelin"

By: Foxx

\*Set the night after the 10th chapter of FE7. With a slight twist\*

"So....Nicole, you're leaving? " Lyn questioned the mentioned tactian.

"Yes, unless....?" Nicole said looking down, her hood covering her face.

"What is it?"-

"Could I stay the night? It's late, and I don't fell like being attacked by Brigands."-

"Sure! C'mon back to the castle."-

Back at the castle, everyone was in the respected rooms, except a certian tactian. Looking out to the vastness of the Caelin estate. Hearing footsteps, Nicole hid in the shadows, not feeling up for a conversation.

When the figure appeared, Nicole relized it was Lyn, with her hair down but still in her day wear, taking up the spot infront of the window Nicole was at just moments ago.

"Oh boy, I can't beleive how fast time flew. It feels like yesterday the I found Nicole, met those two knights, then finding Florina again..." Lyn was cut off by a sudden, but familuar embrace.

"Well, I'm glad you did, Lady Lyndis."

"Florina....." taking in Florina's scent, Lyn slowly turned around so they were face to face.

"Florina, just because you are in service to me doesn't mean you must call me 'Lady Lyndis'." -

"Mil-" Florina was cut off by Lyn's lips. Florina tightened the embrace and Lyn followed suit.

Breaking the touch, Lyn said, slightly breathless, "If you must call me 'Lady Lyndis', then do it when we're just in front of everyone else. But when it's just the two of us," Lyn drew her face closer to Florina so they were just centimeters apart, "call me Lyn, please?"

Florina nodded, "Ok La-...I mean Lyn."

"I love you, Florina,"

"And I you.....Lyn." Florina closed the already small gap between their lips. Breaking a few minutes

later, the two left the moonlit room.

Nicole emerged from the shadows, mumbling the following : "I'll miss you guys, all of you. And my friends, Lyn and Florina, may you two live happily together. Support and forever love each other. May we meet again."

That morning, Lyn found a note from the tactian with those previos words on it. Still in her room, she handed the note to Florina for her veiwing. When Lyn found that note, Nicole was already gone. She left as soon as the sun's first rays entered her room; leaving that note as she left Castle Caelin.

Turning to look back, she saw Castle Caelin bath in the morning's light, knowing she'll see it again. Seeing her frineds again. Biting into a pear, she continued on her new journey. Where? Where ever her feet take her.

'See you again my frineds,' was her last thought in Caelin.
