1 - the secret is revealed

I DO NOT OWN NARUTO! I'm sad now T_T but the story I do own!

(AN: in this story Sasuke and Sakura are already married for like a year already oh and there like 24 years old too!)

"Sakura, are you okay?" Ino and Hinata asked almost in unison. Well see Sakura had been sick lately but now it's literally like everyday she's sick. Today Ino, Hinata, and Sakura were going to go out shopping like a girls day out only to have Sakura get sick.

"Sakura-chan do you need h-help in there?" Hinata asked worried

"n-no ... I'm fine" Sakura said a little shaky. Both Ino and Hinata went in the bathroom once they heard to toilet flush Hinata quickly went over to the side of Sakura while Ino grabbed a glass of water and gave it to Sakura to rinse out her mouth. Sakura gratefully grabbed the glass Ino offered her and rinsed out her mouth. Both Ino and Hinata looked at Sakura concerned as Sakura spited out the water from her mouth still shivering from the horrible taste in her mouth.

"Sakura are you sure your fine you've been sick an awful lot lately-" Hinata said but was cut off by Ino finishing the hyuga's sentence

"- that and plus you've been cranky a bit more then usual and emotional and have been eating some weird things, things I would've never even known were possible to eat with each other and yet even some alone like pickles with toast and jam ewwwwwwww" Ino said

"well that, ummmmmmm, well" Sakura couldn't think of anything to say they did have a point she was never this sick but all of a sudden?

"ah that's not even the half of it. ALL of my clothes aren't even fitting me anymore and I need to get new clothes while we go for our girls day out right?" Sakura said. The two girls eyes went wide eyed and they looked at Sakura with surprised excited and happy eyes, Sakura was staring to get freaked out, why were they looking at her like that?

"Sakura-chan you never guessed that your-" yet once again Hinata got cut off by Ino

"-that your PREGNANT?" she shouted well more like the last part shouted. Sakura looked at the two of the girls with wide eyes, Sakura really couldn't think of any other reason for all of these symptoms and feeling like she wasn't the same.

" LETS GO TO THE STORE!" Ino shouted

~~~~~

\*back at sakura's place\*

"okay now the box says if it is pink that means yes and if it's blue it means no!" Ino exclaimed she was excited for her friend so was Hinata

"now go in there and do what you need to do" Ino said to her friend pointing to the bathroom. The door closed and both Ino and Hinata were flipping out! They didn't even think that sakura would get a blue because hello all the symptoms! Anyways they were thinking of how Sasuke would react once Sakura would tell him about there child. Sakura too was anxious but also nervous if the test would turn pink then that means the pink haired kunoichi would have to tell Sasuke. The only thoughts Sakura had were how was she going to tell Sasuke and also how was he going to react. She knows he won't get mad but she wants to know what his reaction would be.

"Sakura you almost done?" Ino complained

"yeah I'm just waiting now" Sakura replied. Sakura was wising sooooooo hard for it to turn pink. Then finally the time was up

" hey Sakura how much lo-" Ino was cut off by a scream

"AHHHHHHHHHHHHH"

"SAKURA! What's wrong?" Ino yelled Sakura didn't answer. Although just when Ino was going to knock the door down there came a dazed Sakura out of the bathroom smiling and crying a little bit. Ino and Hinata looked at each other and back at Sakura in confusion.

"WELL? What is it Sakura?!?!?" Ino and Hinata asked

"...I'M PREGNANT!" Sakura yelled happily. Ino and Hinata looked at her and were overjoyed! They also and yelled too then Ino started talking

"well are we still going to go have a girls day out?" Ino asked

"yeah let's go we can go help sakura cook for tonight! And we can go look and baby clothes and clothes for the mama!" Hinata said happily

The three girls went out for the girls day out but a lot of the time they were looking at the baby clothes and maternity clothes for Sakura that they didn't notice they didn't have to too much time left. On there way home they had gone quickly to the grocery store and bought some things for dinner, well dinner for Sakura and Sasuke. Once they got back to Sakura's place they quickly started cooking while Sakura put some of her new clothes on and put the rest away. Sakura had finished putting stuff away and came back to help cook only to be kicked out of the kitchen by her two friends saying something like *'you shouldn't be doing anything in your state'* and *'get ready for later on, go rest'* Sakura couldn't help but relax while the two girls did the work, her feet were hurting from walking all over the place. Sakura couldn't stand staying still so she got up and walked back to the kitchen. The two looked at her and

signaled her to come forward. Sakura looked at what the two had made and was amazed it looked magnificent!

“what do you think?” Ino asked

“what do I think? I think this is perfect!” Sakura said happily

“well were just glade to help you out! But you HAVE to tell us how he reacted tomorrow! Okay?!?!?” Hinata had said cheerfully. Both Ino and Hinata went home to tell Naruto and Shikamaru and along there way they saw Sasuke coming back from training and looked at him and whispered to each other then giggled. Sasuke raised a brow at the two girls and couldn’t help but ask

“hn, what’s so funny with you two?” Sasuke asked

“go home and you’ll find out what it is!” Ino said. Sasuke knew better then to ask Ino so he asked Hinata

“so Hinata what’s the surprise?” Sasuke said curiously

“well Sasuke-san if I told you then it wouldn’t be much of a secret now will? hmmm mmmmmmmmmmm” Hinata said okay now something was fishy and he was going to get to the bottom of this if Hinata wasn’t going to tell him then he’ll have to go straight home to see Sakura and find out the surprise.

“alright then I’ll go home and find out what it is, later” Sasuke said

“later! Oh and Sasuke I’ll tell you something. I know for sure you’ll be excited and will be surprised!” Ino commented. Which only meant that Sasuke REALLY had to find out now. Now he walked home and stopped right in front of the door thinking what he would find out behind this door. He opened the door and walked right inside. He looked around and didn’t see Sakura until he went inside there bedroom, he found her there looking outside the bedroom window. Sasuke couldn’t help but look at her, she was so beautiful right there, the moon’s light shone on her and she looked like an angel. He finally spoke

“hello Sakura” he said

Sakura’s head snapped from the moon to her husbands eyes, and then she came up kissed and welcomed him home.

“so Sakura I heard there was a secret you have. Is that so?” Sasuke said curiously

“yes, yes there is. I’m guessing Ino told you huh?” Sakura asked him

“I guess you can say that” he replied

“well let’s eat first and then I’ll tell you.” Sakura said. Sasuke was soooooo curious right now but he could wait a little bit longer. Yet he couldn’t help feel like she was torturing him on purpose but he could wait. While eating the dinner which was made by Ino and Hinata she looked at him.

“so you want to know the secret huh?” Sakura teased

“yes I’d like to know” Sasuke replied with a smirk

“okay then you’re the one who wants to know be either way you’d figure it out pretty soon” Sakura said. Sasuke didn’t understand what on earth she meant he was really confused what did she mean by that, he thought.

“well Sasuke I hope you’d like to know that you are now finally completed your final goal other than the one with your brother” Sakura said she quickly looked at Sasuke who looked back at her but it took a little bit for him to register it in his brain, Sasuke stopped and looked at his wife wide eyed. He got up from his seat across the table and walked right next to sakura and knelt right by her she turned her body to face him she started to giggle.

“so did you figure it out yet Sasuke?” she asked teasingly. Sasuke lowered his eyes from her face down to her abdomen, he snapped his eyes back to her and with a dumbstruck smile he responded with

“were going to be a family now?” Sasuke asked shyly like a nine year old. She knew that he had been torn away from his family at a young age and she knew how bad he wanted to start a family with her, her warm emerald eyes looked into his obsidian orbs she smiled

“yes, were going to be a family now!” she said happily. Sasuke put his hand on her abdomen and sakura place her hands on top of his, both of them were very overjoyed he looked at were there hands were

“I can’t believe it, there’s another life inside of you, our child’s life” Sasuke said still amazed at the news.

“yeah well Uchiha that’s what happens when it’s a rainy and stormy day with no missions and no Naruto bothering us to death..... That’s what we created” She said in a happy voice. Sasuke smirked at the thought of that day and blushed a little bit he couldn’t believe it he finally finished his goals he finally killed his brother and he was now starting to revive his clan. This is a moment he is never going to forget other than the birth of his child, but the moment his heart got repaired the moment when he heard the news, sure there still was some missing parts but it was mostly fixed. All Sasuke really could think about was *his* child *his* wife *his* family they were all his and no one is going to take them away. Sasuke’s life started to get better with rokadaime there teammate Naruto as hokage.

## 2 - deeper in the secret

sorry it took me longer then usual but hey stuff happened so i fianlly got it up  
hope you enjoy my story!

~~~~~

Sakura had been pregnant for 3 months and now she was just finally going to get an ultrasound of the baby. Sakura got dressed and walked into the living room where Sasuke sat waiting for her to come out of the room. Once Sasuke heard Sakura's footsteps her turned around still sitting and saw that she was starting to cry.

"what's wrong?" Sasuke asked in concerned

"I-look at me!" Sakura pouted

"you look beautiful" Sasuke said he meant it she was still the women that he loved and the now was going to be the mother of his child.

"NO! look at me... I'm fat!" she pouted again

"Sakura that's just you hormones acting up right now, you still look beautiful no matter what" he said in a caring way

"your just saying that!" she said

"hn, maybe" he said in a teasing way

"NANI?" she exclaimed

"I'm just kidding Sakura now come over here and sit down" he said, Sakura glared at him and then her emotions changed so quickly, from anger and rage to now guilty and sad. She walked over to him and started crying and talking

"I-I'm sorry Sasuke! It's just that-" she stopped mid-sentence by Sasuke hugging her. Sakura hugged him back, Sasuke then broke the hug but only having his right arm around her shoulders and putting his left hand over her bulging abdomen. She turned her head to face him

"Sakura I know your going through a hell lot of stuff right now, so I think you don't need to apologize right now... but I do think that we should leave now it's almost time for your appointment with the ultrasound.... So let's go now" Sasuke said caringly. Sasuke got up, Sakura on the other hand spaced out after he said ultrasound, Sakura was excited and yet a little freighted about it at the same time, what was to expect? Anything.

"Sakura" Sasuke said, Sakura was still a little spaced out

“Sakura, Sakura.... Are you okay?” Sasuke said repeating her name after that she snapped out of her thoughts and saw that Sasuke’s hand had been extended to help her get up. She looked at him with a blank face

“Sakura you okay?” Sasuke asked out of curiosity and concern

“huh?... oh yeah I’m fine, it’s just... it’s just I’m a little scared” she said a little shaky. Sasuke looked at her emerald orbs that he had fallen for and he saw a scared emotion in her eyes mixed with happiness and passion. His obsidian eyes linked into her emerald ones.

“Sakura don’t worry whatever happens ... well we’ll have each other to help get through whatever comes along our paths” Sasuke said inside he knew that nothing would happen but the oh so smallest part of him was nagging, Sasuke knew nothing would happen but that little nagging going on in his head was telling him that whatever was going to happen was going to be way, way, way more then he would have ever bargained for. The thing is that Sasuke wondered why this nagging feeling had come up and was it pointing to a good or bad thing? He didn’t know but he had to break the silence, that and plus they had to go to the appointment.

“well I say we should go now huh Sakura?” he asked trying to break the odd silence in the room

“yeah okay” She replied. They left there apartment hand in hand, as they started walking Naruto and Hinata greeted them, Sasuke and Sakura both stopped. Naruto and Hinata both caught up with Sasuke and Sakura, once they did they started talking.

“hey you guys want to go get ramen with me and Hinata?” Naruto asked kindly with the stupid smile he always had

“oh no we can’t but thank-you Naruto” Sakura replied

“huh? W-why not?!?” Naruto pouted right now Sasuke was trying so hard to not tell him off but the other thing is that Naruto was starting to remind Sasuke of Sakura, but Sakura had an excuse she was his he was used to her and she was pregnant too.

“because we can’t” Sasuke said to Naruto

“well I wasn’t talking to you Sasuke-teme! I was talking to Sakura-chan” Naruto spat at him with a glare, Sakura and Hinata looked at each other shook there head at the boys and started walking away from them. Both boys noticed that there girls were walking away and ran after them. Naruto grabbed Hinata by putting his arm around her. Sasuke stopped Sakura by grabbing her hand and pulling her closer to him.

“now I think we should be going to that appointment... hmmm?” Sasuke asked Sakura. Both Hinata and Naruto heard this but only Naruto was stupid enough to butt into other peoples business

“wait what about an appointment?” Naruto asked, Sasuke let go of Sakura and was about to say something but was stopped because Sakura had beat him to it

“well Naruto I’m going to the doctor because I have to” she said Sakura then put her hand on her bulging abdomen and smiled. Hinata smiled Naruto took a second to figure it out

“OHHHH!!!!!! Because of the baby right?” Naruto asked again with another stupid smile. Sakura and Sasuke both looked at him with a blank face, Hinata saw that both gave him an odd look and so Hinata decided to talk

“oh-boy oh-boy Naruto-kun sure is a lot slower today.... Uhhhhhhh.... Come on Naruto-kun” Hinata said while dragging him.

“my gosh I didn’t think it was possible but I think Naruto has gotten more stupid” Sasuke said in a pissed off voice. Sakura just looked at him with a blank face.

“well I think we should go right Sasuke-kun?” Sakura said with a smile, he looked at her and his anger started to vanish.

“yeah, let’s go” he replied.

~~~~~

\*IN DOCTORS OFFICE\*

“hello Mr. & Mrs. Uchiha” the doctor said entering the room. Sakura still couldn’t get used to having people call her Mrs. Uchiha just the thought of it sometimes makes her blush still.

“so having an ultrasound of you fist child huh?” she said flipping though papers on her clipboard

“well then I suppose your very excited to be able to see your child right?” she asked. The doctor put the clipboard down and looked at the two people in front of her.

“yes, yes we are very excited right Sasuke?” Sakura said anxious, Sasuke looked at Sakura and smiled

“hn” Sasuke huffed with a smirk

“that means yes, yes he’s also very excited” Sakura said to the doctor.

“okay then let’s do what you came here for shall we?” the doctor said, the doctor put on some gloves told Sakura to pull up her shirt and grabbed a tube of some cold gel and put it on her bulging belly. Sakura had shivered from having the gel be so cold, the doctor and spread it around a bit and grabbed a little machine. The doctor gently pressed it on her skin sakura shivered again with the cold metal and cold gel touching her belly. Sasuke just sat there looking at what the doctor was doing to Sakura. A few seconds later the doctor started pointing out a few things and she was able to get the noise of the heartbeat. It surprised the doctor she was expecting a heartbeat but not TWO heartbeats. Sasuke and Sakura didn’t hear two heartbeats to them it just sounded like one. The doctor finished with everything and gave Sakura a cloth to wipe off the rest of the gel that was left on her and pulled down her shirt. The doctor put away the machine and left the room she went to go take the video and film to a room that would process it and give it to Sasuke and Sakura. A few minutes later she came back and handed them

a picture and a video.

“congratulations you have twins!” the doctor said happily

~~~~~

okay i left you with a cliffhanger huh? hehehe well if i did i was going for that! now you have to wait a week for my next one or more than a week i don't know because i have to go to minnesota because i have to go visit my grand-pa at the mayo clinic so i can't wait till then! but until then mattane! ^^

3 - telling the news

hey look to updates in a row be happy i finished this today! comment please!!!!!!!!!!!!!!

~~~~~

“congratulations you have twins!” the doctor said happily

Sakura and Sasuke both didn't do anything until they both went wide-eyed they looked at each other and then at the doctor.

“are you serious?” Sakura said in amazement

“yes, yes I am serious if I wasn't, then why would I be a doctor?” the doctor said in a monotone way. Sasuke was still in awe at first he only thought that he was going to have one child, but now he's going to have two. Obviously Sasuke was happy he was but he couldn't help but think on how his nagging feeling had known something like this would happen.

“Sasuke-kun are you okay?” Sakura asked him

“huh? Hn, of course I am” Sasuke said in a brave voice

**\*inner Sasuke\***

OMFG. WERE GOING TO HAVE TWINS!!!!!!!!!!!!!! Oh and NO I'm not okay I'm excited!!!!!!!!!!

Damn straight! I'm going to be a dad!..... Oh wow I'm.... I'm going to be a dad. I just hope I'm not like my dad. He only paid attention to itachi, and boy did I get mad when that happened.

**\*end inner Sasuke\***

“come on Sasuke we should go now” Sakura called him

“a-alright let's go” Sasuke called back. Sasuke held the picture of his children as Sakura held the video tape. Sakura and Sasuke decided not to know what kind of combination they would have. Both Sakura and Sasuke were wondering on there way back to there apartment what they were going to be, a girl and boy or a boy and boy or girl and girl. Either way they couldn't wait until the big day.

“oi Sasuke-kun maybe we could tell everyone. What do you think?” Sakura asked

“yeah I guess that would be okay” Sasuke replied not wanting to say no to his pregnant and sometimes cranky and monstrous wife. But he knew what she meant by *everyone*. first they went to Sakura's parents and told them, non the less what would you expect from grand parents to be they were excited. Sakura had told all of her friends, they too were excited but they were also competing on who was going to be the children's godparents. Then by the end of the day Sakura and Sasuke got dressed in nice

clothing. Both Sasuke and Sakura started walking with flowers at hand. They then stopped in front of the cemetery Sasuke just looked away from the entrance.

“Sasuke-kun are you sure your okay coming here?” Sakura asked concerned

“y-yeah.... I-I just still can’t believe that itachi would do something like this, I sometimes just remember the older brother I had before he did all those things to our clan” Sasuke said his eyes shut tight

“Sasuke-kun” Sakura had been really sentimental lately and she hugged him and started to tear up a little bit. Sasuke knew it was his fault that she had now begun to cry he felt like trash.

“Sakura I-I’m sorry” he said shyly he never really had said that to anyone else before until now anyways. He looked down at Sakura and she looked up at him, he smiled at her and she smiled back

“no Sasuke I’m sorry I’m so sentimental, I hate all these side affects to being pregnant! That and plus I don’t feel the same anymore!” Sakura pouted

“Sakura it’s fine we’ll talk later how about we tell them now” Sasuke said to her

“o-okay let’s g-go” Sakura stuttered a bit. Sasuke put his arm around her waist and they started walking deeper into the cemetery. And they arrived at a big part of the cemetery that was off limits to people except two people anyways, Sakura and Sasuke. They stopped at the grave of Sasuke’s parents he looked down at the grave of his parents, he remembered all the times when he might of slept there when he was much younger. Sasuke felt a giant pain in his heart as if it were being squeezed. Sakura grabbed the flowers and put them down on the grave, Sasuke watched his wife as she made sure she did a good job putting the flowers on. Seeing Sakura do that loosened the grip on his heart and looking at her slightly swollen belly it seemed as if the pain had all gone away. He was going to have other important people in his life and he was going to make sure that nothing ever happens to them, it was a promise to himself. Sakura got up from the ground with some help from Sasuke, then they stood next to each other, Sasuke then spoke

“hello mom, hello dad. I hope that you’d be happy to know that your going to be grandparents to twins” Sasuke said, although it didn’t show he was on the bridge to tears talking to his perished parents about his future children. Sakura looked at Sasuke, somehow she could feel the pain he had held inside of him at the moment she tried her best not to cry. A while later they started walking back to the apartment, they arrive and walk into there house.

“well it’s been a long day how about we go to bed. What do you think Sasuke-kun?” Sakura asked him

“it sounds good to me” he replied back with a smirk

~~~~~

3 more months later

Sakura has been pregnant for 6 months and she was a lot bigger. Today was the day of the baby shower. Sakura was in the living room helping by putting up little things unlike Ino, Hinata, and Tenten,

they were the ones who were putting most of the decorations up on the ceiling and the doors. Then they finally had finished putting up decorations and just started to relax. A little while later people were finally coming, like usual the person pregnant was always the one that would always get crowded around with a whole bunch of people and wouldn't be able to get out the middle of the crowd. Sakura mouthed a "help me" but the girls didn't notice her when she did do that. Hours after a bunch of talking and advice she finally opened presents, after that people started leaving. Ino, Hinata, and Tenten were the last to leave. Sakura had the house to herself for a little bit and relaxed some more. Sasuke finally arrived half-hour after the three girls had left, he saw the apartment he thought it would've been worse like a lot more baby stuff not too bad just the basics, clothing, diapers, bottles, ect. Sasuke walked up to were Sakura was sleeping on the couch and woke her up to come to bed.

"so how did the baby shower go?" Sasuke asked curiously

"oh nothing, and it was really boring just staying there sitting down and having people tell you what's good and what's bad. damnit I'm the children's darn mother they shouldn't be telling me what or what not to do with our children." Sakura said cranky. Sasuke knew better now not to talk to Sakura while she was in her cranky mood especially when she was pregnant.

"hey calm down how about we go to bed now? Besides it's already 9:15" Sasuke said. Sakura nodded her head and tried pulling herself up, she could pull herself up but it took her a bit and Sasuke kept offering to help her up, after all he's the one her got her like this it was the least he could do for her he thought.

"urghhhhhh I'm so big that I can barely get up now I can't believe that! It's so embarrassing to me even if I am pregnant it still is embarrassing!" she puts both her hands over her swollen belly and talks again

"why! Why! Why! Why do I have to get so big why does that happen?!?!?" Sakura pouted. Sasuke just rolled he eyes at her

"well Sakura your pregnant with twins what did you expect that you'd still be skinny? Besides we'll be starting a family soon what do you think about that?" he asked her with a smirk on his face. Sakura just glanced at Sasuke with a smirk of her own. They finally went to bed in peace. Actually Sakura took a little bit longer having two lives inside of her kicking all night wasn't the easiest way to fall asleep.

## 4 - disobaying

\* 8 ½ months pregnant\*

Sakura woke up that morning around 5:30 and looked at the empty side of the bed, Sasuke had gotten up already. Sakura had heard someone in the kitchen and only assumed it was Sasuke. Sakura had took awhile trying to get up from the bed because she had gotten really big in the past few months, but after a little bit she made it on her feet, she started tip-toeing out of the room toward the kitchen. Sasuke was making some food until he noticed that someone had gotten out of bed.

“Sakura what are you doing up out of bed?” Sasuke asked still continuing whatever he was doing. Sakura stood still in the dark hallway and she thought to herself had she really been THAT noticeable?!?! Anyways she continued walking until she was next to her husband.

“Sakura what are you doing out of bed?” Sasuke asked again this time turning his head towards her

“I wanted to see what you were doing this early in the morning” Sakura said shyly trying not to look into his eyes

“Sakura you know your supposed to be resting now, the doctor told you to stay in bed” Sasuke said

“yeah but you try staying in a bed for who knows how long, why can't I go out? why do I have to stay in bed?!?!?!” Sakura pouted

“uhhhhhhhhh well Sakura that's why they call it bed rest” Sasuke said

“yeah but-” Sakura said getting cut off

“no but's, it's for you and the kids now go back to bed now!” Sasuke commanded. Sakura looked at him in defeat she didn't want to stay in bed, but it was for the sake of there own children. Although she wouldn't miss this kind of fun and give up on getting on his nerves.

“and what if I don't go to bed what'll you do?” Sakura asked crossing her arms and turning her head the other way from Sasuke. He quickly grabbed her and turned her around and had her face him.

“well if you don't go to bed I'll take you myself! I wouldn't care if that means going unconscious for awhile as long as you stay in bed for our kids” he said caringly but with a strong voice. His obsidian orbs looked into her emerald orbs they stayed like that for a little looking in each others eyes.

“ow” Sakura winced a little and put a hand over her swollen belly. Sasuke quickly put his hand on her shoulder and looked at her

“are you okay?” he asked worried, Sakura looked into his eyes, and she saw a look of worry. Sakura knew what would calm him down a bit. She grabbed Sasuke's hand and placed it on her belly she looked at him and he's eyes went wide a little and the worried look faded away she saw that look of

worry gradually turn into happiness. Sakura smiled at this

"I'm okay-" Sakura said answering his question

"can you feel them?" Sakura asked. Sasuke just smiled he looked at Sakura still keeping his hand in place.

"yeah I can feel them" he said with a dazed smile

"oww" Sakura winced again

"my goodness what's going on with those two in there? They've been kicking a lot lately" Sakura commented.

"hn" Sasuke said with a smirk

"well I know one definite thing, they sure do kick hard like you Sasuke! Guess they are Uchiha's then!" Sakura said teasingly

"of coarse it's in the genes" Sasuke said back to her with a smirk

"well anyways go to bed now! That's probably why there kicking so much, now go! Bed now!" he said to her. With that she started walking to the bedroom with Sasuke following behind her making sure she'd go to bed. Sakura went right to the bed and sat down and turned to the night stand right by the bed opened it and searched though, Sasuke looked at her with a funny face what was she looking for? Whatever she was looking for she grabbed it and quickly put it under her pillow.

"Sakura what did you grab?" Sasuke asked curiously his eyes jumping from the pillow back to his wife

"oh nothing! Your so noisy Sasuke" She replied

"yes, yes I am especially because you my wife, and well I'm curious" he said bashfully

"awwwwww you want to make sure I wasn't doing anything stupid because of the babies and my sake!" she said with a big smile giggling a bit

"huh? What are you giggling about?" he asked

"oh nothing but just the thought of you thinking I'd do something stupid and at the sake of our kids it's just kinda funny!" Sakura replied to him. He looked at her with a surprised face how did she know that he was thinking something like that?!?

"so why were you up so early today? You don't have any missions or training today, so why were you up?" Sakura asked

"nothing, no reason couldn't fall back to sleep" Sasuke replied back to her. He walked to the other side of the bed and laid down a second later he grabbed Sakura's hand and pulled her down too. Sakura

turned to face him. Sakura had her head on his one arm and the other was wrapped around her. Both closed their eyes and took a nap.

~~~~~

Sakura opened up her eyes and found that Sasuke wasn't there. She sat up and looked around or just listening for a noise, then she heard someone cuss. From the bed she got up and followed some more cussing. Where it led her to was the nursery and she found Sasuke setting up one of the cribs or well at least trying to. Sakura giggled and he turned his head to her.

"did I wake you up?" he asked her, he knew that if he had woken her up he would get in trouble

"no I just couldn't sleep" she replied to him she looked at all the pieces of wooden bars on the floor she found the site very amusing but at the same time she wanted to clean up because she was still nesting. She giggled again.

"hn, what's so funny?" he asked

"oh nothing it's just what your doing that's funny!" Sakura replied to him

"oh yeah how could this possibly be funny?" Sasuke asked he knew what she was going to say but hey he could always predict what his wife was going to say.

" Oh what I find very funny is that you can't even put up a crib and yet naruto can!" She said as she started laughing. Sasuke looked a little shocked how in the hell could that idiot put together a crib and yet he can't do that.

"Sasuke, what you thinking about? That you can't put together a crib for at least one of your babies"

"hn, yeah looks like i'll have to get naruto to do this for me, hn he might actually be more useful to us" he remarked. Sakura's eyes had widened did he just say that naruto would do this for him?

"wait a sec did I just say that the idiot naruto would make my kids cribs?" Sasuke asked shocked

"yeah, yeah you did. AWWWWWWWWWWW how nice!" Sakura exclaimed. Sasuke grimaced at the thought of actually giving naruto some credit even though he was going to be the twins uncle and Hinata there aunt. Sasuke sighed and looked at Sakura.

"sit down if your going to stay here watching me make a fool of myself" he said embarrassed. With a smile she rolled her eyes and walked to the rocking chair in the nursery. A few hours pass by and he still has no clue how to set up the crib.

"DAMNIT!" he exclaimed. Sakura gasped and quickly placed both of her hands on each side of her bulging belly Sasuke quickly turned his head to her.

"what what's up? Why did you gasp?" he asked. She looked at him

“don’t say those kinds of words in front of me right now!” She exclaimed while keeping her hands in place. Sasuke looked at his wife with a confused face.

“I read that even inside of womb they can heard so don’t say those kinds of words!” she said trying to explain

“right, gotta remember that” he said

“and can’t get the cribs together can you?” Sakura asked with a smirk. He looked at her with a neutral face. Sasuke then crossed his arms with a screwdriver at hand and pouted.

“why am I still trying it’s not like there going to be born tomorrow!” he exclaimed

“well now I wouldn’t say that it should be anytime now Sasuke-kun” she said with a warm smile

“W-W-What are you talking about we still have 2 weeks.... Right?” he said a little nervous.

“yes we do, but you never! know they come out when they come out” she said

“okay lets make a bet if there born this week then once you feel better after you give birth I’ll let you go on a shopping spree, but if they aren’t then, until you have them you have to listen to me!” he said confidently

“hn” she replied with a smirk

“ I’ll take that as a yes” he said smirking back at her

The next day (Saturday)

Sakura woke up and found the spot next to her empty again and heard a noise in the kitchen again. She got out of her bed again and walked to the kitchen only to see Sasuke there just about to leave.

“what are you doing out of bed?” he asked

“oh nothing just couldn’t sleep, you know because of your kids” she said smiling. He looked at her and grinned he walked up to Sakura kissed her on her cheek and bent down to her belly put his ear against it and heard them his grin got even wider then took his ear off and kissed her belly. She giggled

“now what’s going on you haven’t done that before!” she said a little shocked

“well remember the bet we made yesterday if they are born today that’ll be the only time you’ll let me do that and then I’m going to have to save up money” he gloomly said the last part

“okay well don’t you have to go train it’s already 10:00” she said

“whatever it’s not like kakashi is even on time anyways” he told her

“alright then have fun training!” she said sarcastically to him he rolled his eyes

“hey Sakura” he said

“yeah?”

“try not to give birth while I’m out in the middle of the forest today training.” he said with an innocent face

“I’ll try my best now go before Kakashi beats you there” she said.

“fine but try not to go out today I have guards just to tell you” he said to her. She gave him an odd look he quickly went and kissed her on the cheek again and then left there house. Sakura sighed a sigh of relief she had nothing to worry about she already knew who it was and could easily make them agree. Sakura went back to there room and got dressed. She then put on some shoes and went outside and started walking.

“okay so far so good, no one has come out” she whispered to herself

“STOP RIGHT THERE MRS.UCHIHA!!” an annoying voice echoed Sakura rolled her eyes and sighed it was too good to be true anyways.

“what do you want Naruto? Oh and hello Hinata” she said calmly not turning around

“boy I told you Sakura-chan was good Hinata-chan!” he said with a dumb smile

“oh yeah! Sasuke teme told us to keep an eye on you” he said

“ wow you think that the hokage would do more I don’t know hokage things, things that are really important you know” she said

“ oh but this is important! See your pregnant with teme’s kids the next generation and the next generation of Uchiha’s meaning Sharingan holders meaning-”

“yeah naruto just shut-up it sounds like your turning into Sasuke now” she said with an annoyed voice

“what me sound like..... Like- like teme?!?!?!?!?!?” he said in horror. Sakura saw his reaction and smiled a sly smile

“yeah just like him, but do you know how not to sound like him?” she said

“HOW? HOW? HOW? HOW SAKURA-CHAN???” he replied panicked

“by letting me go out today” she said with a serious face

“ dang I would let you but what if something happens?” he said a little worried.

“well you do have a point there Naruto, come with us then” Sakura said Naruto looked at his wife (Hinata) and Sakura. He then sighed and nodded his head.

“fine but what am I going to do?” Naruto asked pouting

“well once were done you can do an all you can eat ramen. My treat for not telling Sasuke-kun” Sakura said to him

“Well sounds fair enough to me!” he said in a stupid smile. He grabbed Hinata and Sakura by there wrists and started dragging them to the stores so he can get his all you can eat buffet. The first place they went to was look at baby cloths. Naruto was bored out of his mind while Sakura and Hinata were looking at all the baby cloths blue, green, yellow, pink all these baby clothes were boring him to death. While they saw some cloths they’d ask naruto what he thought the only thing you’d see him do would be nod his head and say “yeah”. finally at the second store they were looking at more things naruto went to the sports section while the girls went to the cloths, shoes and baby section. At the third store there was action alright.

“owwwwww” Sakura had winced her stomach pains were really starting to hurt.

“are you o-okay sakura-san?” Hinata asked

“yeah seems like you’ve been doing that a lot for the past like hour or so” naruto said looking at his friends wife

“well maybe we should go to my house now” Sakura said cradling her womb.

~~~~~

While waiting for Sasuke to find him, kakashi looked up

“Its almost time” he thought to himself

~~~~~

On the way back to her house something happened. Sakura suddenly stopped in her trackes and her eyes widened a little. Hinata turned around and looked at her

“what’s wrong Sakura?” Hinata asked naruto turned around

“ its time” she said. Hinata’s eyes quickly looked down at her feet there was a pile of liquid around Sakuras feet. Her water broke.

“huh the time oh it’s 6:00” naruto said looking at his watch

“no, not that naruto-kun what she means is that her water broke she’s going to have the babies” Hinata said in both a nervous tone and happy.

“oh. OH! What should we do then Hinata?!?!” naruto said a little worried. Hinata took a bit but finally looked at naruto

“take her to the hospital then came back and help me pack her some cloths” she said

“alright!” he said he was excited now. He walked to sakura picked her up and carried her in his arms to the hospital.

~~~~~

at the hospital

Naruto quickly comes into the emergency room and goes to the reception desk to sign her in.

“excuse me miss-” he was cut off by sakura

“Shizune” she moaned

“yes?” Shizune turned around and saw her next to naruto breathing in deeply and a little flustered. Shizune quickly ran to Sakura

“what happened to you?!?” shizune asked

“well we were on our way back from a walk then all of a sudden what do you know were here! Heh?” naruto said trying to lighten the mood

“naruto-kun go tell Tsunade- sama that Sakura-chan is here I'll take her to a room” Shizune said

“alright!” naruto then left with a poof of smoke

~~~~~

“TSUNADE BAA-CHAN! TSUNADE BAA-CHAN! WHERE ARE YOU?” naruto yelled

“huh? What is it naruto?” Tsunade asked

“sakura-chan!” he said

“hmm?”

~~~~~

hours later with Sakura

“OWWWWWWWWWWWW” sakura moaned as she gritted her teeth

“breath in.... and out” Hinata said in a calm voice. It calmed her down a little bit until the next contraction happened in like 6 minutes.

“AHHH DAMMIT..... How could he do this to me? Sakura gritted

~~~~~

\*hours after sakura was emitted\*

“Oi Sasuke” kakashi yelled out

Its about time I tell him now it’s almost been 4 hours

“your training is done for today now go home” Kakashi said

“what’s up with you, you okay right now?” Sasuke asked annoyed

“I am, but go check on Sakura” he said in a neutral tone

“wait what are you talking about?” Sasuke asked

“.....”

“what are you talking about kakashi? What do you know that I don’t about Sakura?” he asked in a very demanding tone

“you know what going on Sasuke” kakashi said and with a poof he disappeared

“DAMMIT kakashi why didn’t you tell me earlier?!?!?!?” he cursed to himself. Sasuke went as quickly as he could and made it into konoha in less then 10 minutes. He looked around and breathed in while looking.

“OI SASUKE TEME!” Naruto called out. Sasuke quickly turned his head.

“where’s sakura?” he asked worried

“don’t sweat it she’s in the hospital with Tsunade Baa-chan almost giving birth to your kids, you know you took long enough” naruto said in an annoyed voice. Sasuke just ignored him and quickly sprinted past him to the hospital to the reception desk.

“excuse me but were is Sakura Uchiha’s room?” he asked

“ room 214, just go straight down and it will be on your left” the receptionist said. Sasuke quickly sped through the hall way into her room. He was right outside her room when he heard her yelling, dang did he feel bad for her. He took a deep breath and walked into the room he saw her sweating and messy hair with her teeth gritting.

“hi Sakura” he said calmly and softly. She looked at him in his eyes and said so many things he wasn’t

expecting for her to say but shortly afterwards she would be crying and saying sorry for what she said. A few minutes later and it was time for her to push.

“alright Sakura now push” Tsunade said. Sasuke was right by Sakura holding her hand, he himself was trying not to shed any tears from her monstrous strength. Over 25 minutes of pushing they finally had two babies the eldest being a boy named Ichi because being the first born and the second being a girl named Miyuki being as a beautiful fortune. Sakura held there son while Sasuke held there daughter. They both looked at each other and smiled.

“Sasuke-kun how does it feel like to be a father now?” she asked. He looked down at his two kids and smiled

“if feels pretty good now” he said

“Sasuke-kun one more thing” Sakura said

“hmmmm?” he said

“hope you saved up because I won the bet” she said all giggly on morphine. Sasuke just chuckled. Now on there lives were going to change but for the better.
