# 1 - aang's not the last airbender

Untitled Document Aang's not the last Airbender~Aang is very sad that he is the last airbender but one day that will all change. One day aang was feeling a little sick so katara and sokka went to go find him some medicine. While they were gone aang went to go walk around in the woods. He saw some trees with some green moss, he saw some people mostly town's people from the town right by the woods. He figured he wouldn't make any new friends here. Then all of a sudden he saw a gust of wind just like the ones he makes when he does airbending then he saw someone from that smoke. He didn't see the whole person just their legs he said "hi". Then the person ran away. He ran toward that person then they stopped it was a girl she had an arrow on her head just like him. "a..a..r..e you an airbender?" he asked with a lot of hope. "yes I am and my name is sana" she said. "where did u come from?" aang asked. "well I got trapped somewhere then I turned out fine just the way I was!! But then my family was gone so I just went all over the world by myself, how about you?" she said. Aang couldn't believe it! It was an airbender just like him!! "uh I was trapped in an iceberg then 2 water tribe people came and found me want to go meet them?" he said. "Sure!!" she said very happily. So they went back to where sokka and katara were. "hey guys this is sana she is a airbender just like me"; I guess I am not the last airbender after all." so aang wasn't the last airbender and they went on to tell her about the fire nation and she helped him and traveled with them for him to become the avatar!!
